Lansing Gold Coast Improvement Ass'n Meets Tonite At Crawl School

A new organization was formed in Lansing on July 30th. On that date thirty-five neighbors met at the home of Cliff Jordans, 17108 Greenbay Ave., and the Lansing Gold Coast Improvement Association was organized.

Mrs. Sara Mase of Calumet City, president of the Calumet City Gold Coast Improvement Association and chairman of the Planning Commission of Calumet City, spoke to the group.

She outlined the history of the Calumet City Gold Coast Improvement Association and made numerous suggestions relating to the best way to form such a local improvement association.

Officers were elected for the balance of 1953, so that the organization could begin functioning at once.

Mr. Walter Vanesky, 17104 Greenbay, was elected president. Mrs. M. Towler, 17154 Greenbay, will be the vice president. Mrs. William Freeman, 17022 Greenbay is the secretary and Mr. D. Carroll, 17112 Greenbay was elected treasurer.

Committee heads were named. Mr. C. Jorgens, 17108 Greenbay, was appointed chairman of the organization committee. Mr. William Freeman was appointed chairman of the By-Laws committee, and will act as legal counsel for the organization. Mr. Earl Kindle, 17032 Greenbay, will head the streets and curbs committee.

First order of business discussed by the L.G.C.I.A. members related to the streets and curbs in the Gold Coast section. Plans were made to meet with the Central Construction Company, 17104 Burnham avenue.

Block captains were appointed by the organization chairman. They follow: Mr. Earl Kindle, Mr. Ray Tyler, Mr. Walt Muir, Mrs. Shirley Northrup, Mr. Ted Cusack.

The next meeting will be held on Thursday evening, August 6th, at the Lester Crawl school, corner of Greenbay ave. and Illinois st. The meeting will begin at 8 p.m.

Everyone interested is invited and urged to attend.

SCHOOL BOARD SQUARELY FACES HUGE PROBLEM

A perplexed problem faces the Lansing Public Schools, School District No. 158, it was revealed by a school census taken in the district during July.

The census revealed that there are 2,157 children under school age, five years old or younger living in Lansing.

Comparing this figure to a total of 2,916 in the age group from six to twenty-one years old reveals the huge problem.

The school board has been trying to tackle the problem which has been increasing steadily the past two years of providing enough schools for the children of Lansing.

The district just this year completed and opened the Eisenhower School and has planned an addition to the Coolidge School which soon will be ready for approval by Lansing voters.

September will see the need for the Coolidge addition, in fact, Coolidge will be a crowded school this fall, reveals Mr. Lester P. Crawl, superintendent of schools.

Mr. Crawl also stated that the Lansing Public Schools are short one first grade teacher due to the resignation of Miss Joan Wyandt who plans to live in Minnesota. The schools are also in need of substitute teachers for the coming year.

Three Permits For Home Construction Issued This Week

The following building permits for homes to be built in the near future were issued to Martin Reinsma, 17937 Williams St., Lansing, valued at $8,000; Charles Smedley, 17611 Community, valued at $8,000; and Vander Noord Bros., 18338 Ridgewood Ave., valued at $8,000.

A storage building valued at $200 is being built by Cornel Dekker, 17816 Torrence Ave., and a storage and garage plus alterations on the front of his building are being started by Gerald M. Markley, 3418 Lake St.

The following people are going to build garages: Vernon Gruhlke, 17830 Arcadia; Gordon Domes, 17557 Walter St.; Anthony Rosati, 17648 Henry St.; John Bouwman, 3403 Monroe St., and Charles Gulotta, 3662 177th St. The valuation of these garages is $2800.

Fire Causes $5,000 Damage At Farm

Lansing Volunteer smoke eaters fight fire at Nau Farm Monday afternoon. Straw, grain and tools were destroyed in a tool shed amounting to between $4,000 to $5,000, according to Elmer Schultz, Fire Chief.

Fire Razes Shed On Nau Farmstead Monday Afternoon

The cause of the $4000 to $5000 fire Monday afternoon at the Nau Farm located on North Bernice Road near Thorne Creek was still undetermined yesterday afternoon.

Fire Chief Elmer Schultz with 12 members of the Lansing Volunteer Fire Department and both trucks answered the call.

The blaze had gotten a good start before the fire department arrived because of the delay encountered by Mrs. Kaspreczak in being able to get a telephhone operator to report the call.

The fire completely destroyed a tool shed containing baled straw. A pick-up truck parked near the shed was also damaged by the fire.

Henrieta Kaspreczak, daughter of the caretaker, Ray Kaspreczak discovered the blaze when she went into the tool shed to get her bicycle.

The farm is owned by Charles N. Nau, president of hte United Boiler Heating and Foundry Co., of Hammond.

1935 Graduation Class Of Indiana School To Hold Reunion Saturday

The May 1935 graduation class of Indiana Avenue School will hold its first class reunion on Saturday of this week, August 8, at Lan-Oak Park.

Board OK's 56 Home Permits

The Village Board Tuesday evening granted the request of Central Construction Company for 56 more building permits to construct homes in the area west of Burnham ave., from 173rd st., to Bernice Road.

Jerome Carroll voted against the approval of the request and got applause from the people in attendance at the board meeting. Mr. Carroll stated that Lansing is a victim of a building code. Mr. Carroll, along with all the other members, voted unanimously in June approving other permits requested by the Central Construction Company.

Discussion and questions asked by residents in attendance before the board's approval included: "Why can't the fees on new building permits be raised so that the new construction would pay its own way in the village?" "Why approve new building when water and sewerage facilities now are inadequate?" and "Why can't Central Construction Company be required to vary their house plans instead of having only one for all their homes?"

The village board approved the request because the construction company met all requirements now set by the village.

Mr. A. W. Weitkamp, 3313 Schultz drive asked President Evert Schultz if the board is working on a new building code for the village.

Mr. Schultz replied that the board was, and that it takes a long time to write a new building code.

Mr. Weitkamp wanted to know how long, and asked if the board was going to postpone it until it is too late.

A representative from the Central Construction Company replied to the objections of residents raised to what they termed row housing of the company. He said that their construction was not row housing, that their homes were set back, that six different elevations are used in their plans, that the roofs all vary and that the color scheme on the outside of each house also varies.

New Ordinance

An ordinance regulating the installation of improvements to be located within any public street or thoroughfares within the Village of Lansing was passed by the Board Tuesday night.

The ordinance gives the board control over the construction or installation of any improvement or any work in any street, alley or public place in the Village of Lansing.

It requires all persons, firms or corporations to obtain a permit from the village and sets up specifications for the construction work, including pavement, curb and gutter.

Doctor Applies for Office Permit

Dr. Clyde McCoy requested permission from the village board to build an office addition to a home at 176th and Wentworth ave.

The board approved the permit if Dr. McCoy would bring in a petition with 75% of the neighboring property owners' consent for the building addition.

Census Taker Calls For Missed Persons To Help

Mr. Percy R. Millard, special census supervisor of the U. S. Census Bureau who is heading the census now being taken in Lansing, needs your help.

If for any reason you have not as yet been counted, he asks you to fill in the form on the bottom of this page and either bring it or mail it to the Lansing Village Hall to his attention.

The census is expected to be completed by Saturday.

All information taken will be kept confidential, just as in the regular census made every 10 years.

Since state tax funds, such as that from the gasoline tax are apportioned on the basis of population, each additional person counted as a resident in Lansing takes on a cash value.

The village expects to gain an average of $5.00 per person a year in funds for every person added to the previous census figure which was taken in 1950 and shows Lansing at 8,662 population.

Village Meeting

(Continued from Page 1)

Complain of Dust

Mr. John Theesfield, 2428 183rd st., and four other neighbors complained to the Village Board of the dust raised by the Lansing Block Works.

Mr. Schultz replied that he spent Saturday afternoon speaking with John Horgesheimer. The village is going to grade the street and oil parkways belonging to the village. Mr. Horgesheimer told President Schultz that he has been using Calcium Chloride in his yard to combat the dust.

Can We Burn Paper?

The Village Board last night gave this answer, yes if the paper is burned in a proper receptacle not closer than 25 feet to a building, and is not neglected.

Police Chief Van Laningham also stated to the residents present that the fires should not be left to smoulder all night. He told of complaints from residents who had garbage fire smells penetrating their homes while trying to sleep.

The board said it was not necessary to get permits to burn small paper fires, but if a large pile of rubbish is to be burned then a permit is needed. The permit is issued by the Lansing Fire Chief free of charge.

Appropriate Fuel Tax Funds

The Village Board appropriated the sum of $5300 of motor fuel tax funds for the purpose of maintaining under the Motor Fuel Tax Law the following described streets or State Highways from July 1, 1953 to June 30th 1954:

Henry st., from Washington to 178th; William st., from Adams to 182nd; 181st from Burnham to Roy; 181st from Lorenz to Chicago; 180th from Burnham to School; Ridgewood from 183rd to 186th; Ada from Illinois to Ann; Adams from Henry to Wentworth; Madison from Henry to Wentworth; Randolph from Wentworth to Maple; Maple from Alley no. of Lake to Alley no. of Randolph; Chicago from 184th to 186th; 184th from Ridgewood to School and Stewart from Illinois to Wentworth.

Buy Used High Lift

Sealed bids were opened Tuesday night for the purchase of a used high lift tractor. The village accepted the only bid submitted, that of Don La Tulip for a used high lift tractor costing $1500.

Billing Machine

The village board gave the clerk permission to advertise for bids on a new billing machine for the office.

Cloverleaf at Wentworth

Chief of Police Van Laningham has requested the county to construct a cloverleaf at Wentworth ave., and the Tri State Superhighway.

Clear Title of Sewerage Disposal

Donald McFadden, special council for the village, reported in a letter to the board that the clear title for the 44 lots in the area 171st to River and between Walter and Roy st., could be had for final payment of $1,380.05 and $2,740.95. This would bring the total price to the village for the site of 44 lots to $5,900.

The money request was passed and was ok'd to be transferred temporarily as a loan from the Water Revenue Fund.

90 More Homes?

Frank Lapasso spoke of plans for building 90 new homes between 170th and 172nd and Chicago ave., and Oakwood in the final business to come before the meeting.

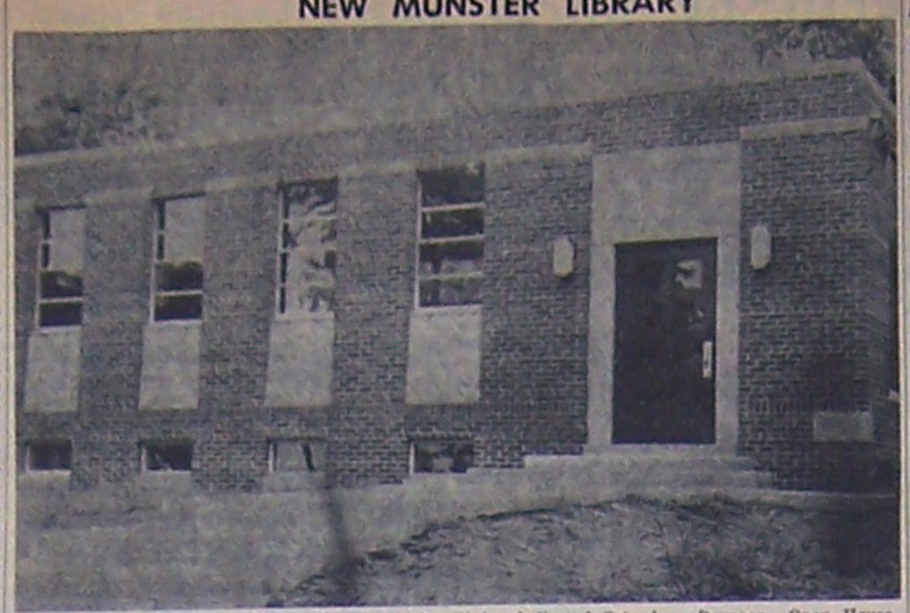
NEW MUNSTER LIBRARY



Pictured is the new Munster Library which will be dedicated Saturday afternoon. Open House will be held at the Library from 4 to 6 p.m. The total cost of the building was $24,681.00.

DEDICATE NEW MUNSTER LIBRARY SATURDAY

Dedication ceremonies and Open House will be held at the new Munster Public Library this Saturday, August the 8th.

The dedication program will take place at 3:30 p.m. in front of the library.

Mrs. Samuel Berg, secretary of the Lake County Library Board will call the meeting to order followed by Invocation by Rev. John L. Bult.

William C. Jabaay, president of the Munster Town Board, will make remarks on behalf of the Munster Community.

Introduction of Board Members and special guests will be done by John A. Eckel, president of the Lake County Library Board.

H. W. Tucker, librarian at the Gary Public Library, will speak on "What County Library Service Means to the People of Munster."

Rev. M. E. Stevens will give the benediction.

The Ribbon Cutting Ceremony is in charge of Phil Ravenscroft, president of the Munster Library Assn. Delivery of the keys will be made by William Chiabai, contractor.

An open house will follow immediately after the dedication program until 6 p.m.

R. S. Kastendieck and Co., were the architects for the modern, functional library building which is 20 feet by 40 feet, including a basement.

Through the contributions of money and materials the cost of the Munster Library building has been met. Original bids for the building totaled $24,681. This has been paid out of community contributions and the Lake County Library budget.

The land upon which the new Library was built was given to the Lake County Library Board by Mrs. Hugo F. Kaske in April of 1949.

Red Cross Defense Blood Center Closes By Government Order

Cessation of hostilities in Korea has terminated the Red Cross Defense Blood program in the Chicago Chapter area effective August 31, it was announced recently in Washington by the Office of Defense Mobilization.

The government said that the Defense Blood Collection centers operating in the U. S. would cease operations, as well as the 17 cooperating blood banks in other localities which had served as collection centers for the National Blood Program.

Samuel G. Creden, Chairman of the Chicago Chapter of the Red Cross, said that Chicago's Defense Blood Program had begun operations in May 1951, and from that date through the end of July, 1953, a total of 169,566 pints of blood have been collected from the residents of the two and one-half counties comprising the Chicago area, making the Chicago blood collecting operation one of the largest in the nation.

Red Cross bloodmobiles will continue to visit suburban and city communities throughout the month of August, Creden stated, and the blood center at 116 S. Michigan will continue to operate on its normal six days a week schedule.

The government announcement pointed out that even though the fighting has ended in Korea, the nation still had need for reduced quantities of blood, but that these could be met by the 45 Regional Blood Collection Centers which the Red Cross maintains throughout the nation.

Lightbearers Class Hold Chicken Fry

Mrs. Hoekstra Wins Prize For Painting

Mrs. Ralph Hoekstra, 18650 Henry st., won first prize twice in a row on the Hi-Ladies program. Mrs. Hoekstra visited the program recently along with the rest of the ladies of the Illiana Christian H. S. Auxiliary.

The m.c. asked if there were any painters in the audience and Mrs. Hoekstra raised her hand. Along with four other ladies she was to paint a design, and her design won for that day.

Mrs. Hoekstra was then asked to return to compete with the other four winners of the week. The prize for winning that day was three pairs of nylons.

On Friday Mrs. Hoekstra and the four other ladies were asked to draw a design on a table top. Again she won with a modernistic design.

Shamrocks Edge Rebels; Win First Half of Season

In a Junior League playoff game, the Shamrocks nosed out the Rebels 3-2 to win the 1st half season's play in the Lansing Old Timers League.

Shamrock pitcher Hillegonds bested Rebel pitcher Basso in a ball game that will long be remembered. However, Hillegonds was tighter in the clinches and emerged with the victory.

The Shamrock team bunched two walks, two hits and an error in the third inning to make the score 3-0. The Rebels rallied to tally one in the fourth and one in the sixth to make it 3-2. It was here that Hillegonds really buckled down and struck out the last two men in the seventh to end the game.

Other Scores

Wednesday, July 29th—49ers, 3; Shamrocks, 1. Rebels, 6; Greyhounds, 6. (tie game).

Monday, August 3rd — Greyhounds, 1; Shamrocks, 0. Rebels, 6; 49ers, 0. (tie game).

Standings 2nd Half

Wednesday, Aug. 12th—Rebels vs. 49ers, Lan-Oak Park. Shamrocks vs. Greyhounds, Winterhoff Park.

All games are of seven innings duration and start at 6 p.m.

Motorcycle Racing Saturday Nite At Illiana Track

The Illiana Speedway's racing spotlite swings to motorcycle racing this Saturday nite, August 8, and the five-star AMA sanctioned Indiana State Championship five mile race.

The Hoosier state's most popular cycle event will be run as an added feature to the regular nine race program, and has drawn a long list of veteran 'steel-shoe' artists.

A capacity house will watch Tom Bryarly, the pride of Chesterton, Ind., defend his crown for the third successive year. The stubby, colorful rider thrilled everyone last year with his driving antics when he edged Lowell Rettinger, a former state champion from Indianapolis, in the last lap.

Though the championship feature is limited to Indiana resident riders, nine additional races are open to all competition in the expert, novice, and amateur classes.

Qualifying trials for all events will begin at 7:00 p.m. The first heat will start at 8:30. More than 90 bikes from throughout the midwest will qualify.

With the Illiana ½ mile getting faster by the week, the track record of 28.97, held by Chet Dykgraaf, is expected to fall before the speed filled line-up. Experts entered are Bill Truman, Rockford, Ill.; Ted Totaraitis, Grand Rapids, Mich.; Lou Brajanac, Milwaukee, Wis.; and Bill Petri, Kenosha, Wis.

OLD TIMERS WIN TWO MORE; TAKE LEAGUE LEAD

The Old-Timers Little League team won both of its ball games in last week's play while the Lions dropped two to take over first place.

In the Legion-Old Timers game, Hartley did a fine relief job to gain the victory. He also did a good job at the plate, getting a single and home run. With the Legion leading 3-2 after three innings' play, a big 6 run fifth inning did the trick for the winning Old Timers team.

On Saturday, August 1, the Old Timers nosed out the V.F.W. by a score of 8-6. Winning Old-Timer pitcher Dale Rhode hurled a fine ball game in striking out nine "Veterans" and allowing but five hits. However, two errors by his team-mates had him in hot water in the sixth inning.

Losing pitcher Roger Grapenthein also pitched a fine game and starred at the plate with three hits.

SENIORS DROP TWO; TIE SOUTH CHICAGO

The Lansing Old Timers South Suburban team continued playing in tough luck during last week's play.

Manager Eddie Carlson and Coach Lee Mueller shook up the lineup in attempting to break the team's slump but without too much success. However, the team's pitching has improved much to the satisfaction of all.

On Tuesday, July 28th, Lansing pitcher Dale Kingma turned in one of the finest pitching performances of the season. In facing the Sun Dodgers, winners of 18 straight ball games, Kingma limited the hard hitting South Chicagoans to two singles when darkness forced a halt to the game with the score tied, 2-2.

Pitcher McGee of the Sun-Dodgers was touched for seven hits by Lansing which included a homer by "Babe" Zentz and doubles by Feigenbaum and Carey. However, he buckled down in the pinches and Lansing had six men left on bases.

Box Score

Sun Dodgers	0	1	0	0	0	1	0	—	2	2	1
Lansing	0	0	1	0	0	1	0	—	2	7	2

On Thursday, July 30th, Lansing traveled to Bessemer Park and lost a 3-0 decision to the Sun-Dodgers. It was the latter's 19th straight victory in a row. Pitcher Angotti was masterful on the mound in limiting Lansing to but one hit, a hard smash into right field by Captain Bill Jansma.

Thorp started the game for Lansing and was touched for three runs and seven hits. In the fourth inning with the score Sun-Dodgers, 3, and Lansing, 0, Bernie Zitek was called in to pitch and did just that. He hurled hitless ball for the next three innings.

SunDodgers	0	0	2	1	0	0	x	—	3	7	1
Lansing	0	0	0	0	0	0	0	—	0	1	1

Sunday, August 2nd, saw Lansing defeated by Riverdale, 7-6 in a game that was halted by a cloudburst in the eighth inning. Lansing pitcher Jim Martin hurled a good ball game but four Lansing miscues added to his troubles. "Babe" Zentz was the batting star of the game, getting a single and double that drove in two runs.

Friday, Aug. 7th, 6 p.m.—Lions vs. V.F.W.

Tuesday, Aug. 11th, 6 p.m.—Old Timers vs. V.F.W.

All games are at Lan-Oak Park on the east diamond.

Old Timers Meet; Make Plans For Annual Festival

The officers and committeemen of the Lansing Old Timers Athletes and Fans Association met at Rudy's Viking Gardens on Monday evening, August 3rd.

Acting President John Monahan called the meeting to order at 7:45 p.m. and then had Secretary Eddie Carlson read the minutes and correspondence. C. S. Van Inwegen followed with the treasurer's report.

A final summary was given on the Fourth of July Picnic and the chairman thanked all present for the splendid co-operation. Next Monahan called on Dean-of-Sports Lou Rosen for a report on baseball.

A report was given on the successful Little League party on the 29th of July. Rosen also reported that the race for the Little League championship had narrowed down to two teams, namely the Lions and Old Timers.

In the Junior League, the Shamrocks took the first half, while the Rebels lead in the second. The Senior ball club has been playing in a bit of tough luck, but is playing a fine calibre of baseball.

After a brief discussion, it was agreed to call the 9th Annual Fall Festival a "Hard Times Party." Prizes will be awarded to both men and women for the best costumes. The date picked is Saturday, October 17th at the American Legion Home in Lansing.

A Smorgasbord dinner will be served from 6:30-8:30 p.m. Dancing will take place from 9 p.m.-2 a.m. to the music of Freddie Brehmer and his orchestra. Other final plans will be made at a later date.

Hugh Richardson then gave a report on the Boy Scout troop and the newly formed Explorer Post.

Chairman Monahan set the date for the next meeting on Monday, August 31st at Rudy's Viking Gardens.

American Legion Convention Starts Today Thru Sun.

Rear Admiral Daniel V. Gallery, noted World War II naval operations leader and author of many maritime articles, will be the principal speaker at the 35th annual Illinois American Legion convention here, Thursday-Sunday, Aug. 6-9.

About 50,000 Legionnaires and their ladies, including 2,500 delegates and alternate delegates from the 1,132 Legion posts in the state will attend the convention, sessions of which will be held in the Civic Opera house with State Comdr. Perce F. Brautigam, of Chicago, presiding. State Legion officers for 1953-54 will be elected Saturday afternoon.

Gallery also is famous for staging the first boarding and capture at sea of an enemy naval vessel by the American navy since 1815, when as commander of the U.S.S. Guadalcanal, he seized the German submarine, U-505, off Cape Blanco, French West Africa, in June, 1944, and took the crew prisoner. A funding campaign for $200,000 to bring the submarine to Chicago for permanent exhibition at the Science museum in Jackson park is now under way in the city.

A naval aviator since 1927, Gallery has headed the nationwide Naval Air Reserve Training command, headquartered at the Glenview, Ill., naval air station, largest functional command in the world, since 1952. He was assistant chief of naval guided missiles operations from 1946 to 1949.

The Legion convention's "Big Parade," for which these gatherings are famous, will step off at 1 P.M. Sunday and will be of at least three hours' duration, according to Anthony Altier, of Chicago, parade chairman. The official reviewing stand will be at the Congress Street plaza.

The convention also will include a "Pageant of Music" Saturday morning (Aug. 8) at Lane Technical High school, in which many colorful Legion musical and marching units, including drum and bugle corps, will compete. Color guard and firing squad contests will be staged Saturday morning at the Naval armory, foot of Randolph St. Prizes in these various competitions will total $6,100.

A memorial service for deceased Legionnaires will be conducted by the Rev. Fr. John Cashman, of St. Agatha's Catholic church, Chicago, and Illinois Legion Department Chaplain, at the Morrison Hotel Sunday morning with the Hotpoint Choral group providing the music.

The convention ball will take place Saturday night at the Morrison Hotel.

Pony And Little Leaguers See Cubs Game Sat. Aug. 8

Saturday, August 8th, is the big day for members of all the boys on the Pony and Little League teams.

Through the courtesy of the Chicago National League ball club, the Lansing Old Timers Athletes and Fans Association have arranged to take approximately 150 boys to the Cubs-Philadelphia "Phils" game.

All the boys will be sponsored and supervised by the officers, managers, and coaches of both leagues. Transportation will be furnished to and from the ballpark.

All boys who are going to the game are requested to meet at the west ball diamond at Lan-Oak Park on Saturday morning at 10:30 a.m.

The buses are scheduled to leave at 11:00 a.m. sharp. All players of the eight teams are required to wear their uniforms. There are a few openings left for the trip for "Minor League" ball players.

If some desire to attend the game contact your coach by Friday.

Losses from forest fires in Illinois during 1952 were nearly 25 times greater than those recorded in 1951, according to American Forest Products Industries.

The report showed 1,587 forest fires burned 240,491 acres of forestland in 1952. During 1951 a total of 287 fires burned 9,731 acres.

OUR WEEKLY SERMON

A RECIPE FOR LIVING
from Moody Bible Institute, Chicago, Illinois

A well-known Chicago newspaper published a recipe for a delicious cake, called Scripture cake. Ingredients were given in an unusual manner through Bible verses: 1½ cups I Kings 4:22 (flour), ½ cup Judges 5:25, last clause (butter), and so on.

The Bible, however, gives us an even more important recipe, one for living. Here are some of the ingredients so necessary for a happy, successful life:

PEACE WITH GOD: Romans 5:1, "Therefore being justified by faith, we have peace with God through our Lord Jesus Christ."

FORGIVENESS: I John 1:9, "If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness."

Restore Exteriors Of The Illinois Capitol Building

Secretary of State Charles F. Carpentier announced Monday that work would begin immediately on the resteration of the exteriors of the State Capitol, the Archives and the Centennial buildings.

"These buildings, particularly the Capitol, are visited each year by thousands of children and their parents," Secretary Carpentier said. "To these visitors the buildings are a permanent, visible symbol of our state government. I believe they should be maintained in a manner that will give each citizen a justifiable sense of pride."

According to Secretary Carpentier, the exterior of the Capitol has not been cleaned during the past 16 years and deterioration of the face of the building has been rapid due primarily to the problem presented by pigeon and starling droppings.

STRENGTH TO MEET LIFE'S TESTINGS: Hebrews 2:18; 7:25, "For in that he himself hath suffered being tempted, he is able to succor them that are tempted." "Wherefore he is able also to save them to the uttermost that come unto God by him, seeing he ever liveth to make intercession for them."

JOY: Psalm 5:11, "But let all those that put their trust in thee rejoice: let them ever shout for joy, because thou defendest them: let them also that love thy name be joyful in thee."

PURPOSE: Philippians 3:10, "That I may know him, and the power of his resurrection, and the fellowship of his sufferings, being made conformable unto his death." Ephesians 3:19, "And to know the love of Christ, which passeth knowledge, that ye might be filled with all the fullness of God."

For abundant living, use this recipe in your own life!

Fall Registration Information Available At Purdue University

Preparations are under way at the Purdue University Calumet Center for the fall enrollment which will be held on September 17, 18 and 19.

Advanced registrations and reservations indicate an increase in enrollment exceeding any previous year at the local center. Enrollment in September of 1952 was slightly over 2200.

The scheduled offering for the coming school year includes two years of work in the fields of engineering and science and one year each in pharmacy, home economics, agriculture and education on the degree level.

The two-year programs in technical institute are available in five fields, building construction, chemical and metallurgical, drafting and mechanical, electrical, and industrial technologies. A two-year program for foremanship and supervisory training is also available for those in industry who feel the need of this type of training.

The number of industrial training programs again in operation will be expanded by the addition of a few new companies and the broadening of some of those which have been in operation previously.

A few graduate courses are available for those desiring to work toward an advanced degree while working in the area.

To handle the expanding programs of education a number of new instructors have been added to the staff to begin work in September. Departments with additional staff members are English, history, chemistry, building construction, physics and mathematics.

Schedule information is now available and may be requested by mail or phone by writing to the local Purdue Center at 2233 - 171st Street in Hammond or by calling Sheffield 5060.

Good Business Ahead But Record Pace May Slow

Scattered signs on the nation's economic horizon could spell a "slightly lower level" of business in the next several months, the Federal Reserve Bank of Chicago reports. According to the bank, however, no sizable downturn is yet in sight.

A mild decline in some lines of activity from record second-quarter levels would find business still holding to a very brisk pace.

In its monthly review, "Business Conditions," the bank says that signs of weakness now developing include a jump in business inventories, a drop off in output of durable household goods, a rise in consumer savings, and continued softness in farm prices.

After remaining stable during the first three months of 1953, business inventories rose sharply in the second quarter. The rise during April and May alone amounted to 1.8 billion dollars, the largest two-month advance since the spring of 1951.

Inventories climbed at producer and distributor outlets in both durable and soft goods lines, with durable stocks chalking up the larger gain. Although sales of household durables have been doing fairly well, the output of TV, radios, and appliances has been declining since February, following an inventory build-up in these lines.

A development which could have a depressing effect on retail trade is the apparent desire of more consumers to save rather than spend. The net inflow of savings to financial institutions during April and May was 20 per cent over a year ago and higher than any time since the war. To date, however, the rapid rise in consumer credit has offset the stepped-up savings pace.

On the agricultural front, the farm price problem is still a major trouble spot, according to the bank. Wholesale prices of farm products dropped 3 per cent in June and by June 30 were 14 per cent below a year ago. Most farm products shared in the decline.

Despite weaknesses which appear to be developing, the bank points out that business is presently continuing near record levels. Furthermore, any tendency to decline is expected to be limited by important factors of strength present in the economy. Among these are: (1) well-filled steel mill order books, (2) defense expenditures slated to remain at current levels for the balance of 1953, and (3) record business outlays for new plant and equipment expected in the third quarter.

Safe Storage Time For Cooked Foods

How long can cooked foods be refrigerated and still be eaten with Safety? Homemakers who prepare food several days in advance of its use need to know. Foods specialist Frances Cook, University of Illinois College of Agriculture, suggests the following storage times as the approximate limit:

Hard-cooked eggs, with or without the shell and refrigerated in covered containers, can be safely eaten within ten days after cooking, but the whites will start to become tough and rubbery within two or three days.

Use left-over casseroles, meat pies and stews within three or four days of refrigerator storage.

Salads are among the most perishable foods. Plan to hold them for only a brief time. Those made of cooked meat, poultry, fish and eggs should be used within three or four hours. Vegetable and fruit salads may keep a bit longer—possibly between four and six hours. Salads, of course, are always best when freshly mixed, with the dressing added just before serving.

If you like to keep refrigerator doughs on hand for baking fresh rolls, plan to use the dough within five days. Raw cookie doughs will be good up to three weeks. Use left-over batter for pancakes and waffles within three or four days.

Refrigerator storage should keep baked pie shells in good condition for three to seven days. If they become soggy, reclaim them by heating in the oven. But if they are moldy or rancid, throw them away.

Fine Arts Festival August 18th-22nd

General Federation of Women's Clubs present their "Fine Arts Festival" August 18th through 22nd at the Palmer House in Chicago.

Visitors may take tours of Chicago during the second and third days of the five-day program.

Three mornings of the festival program will be devoted to workshops in art, music, literature and drama, each offering a course under fine leadership of great artists.

Friday, August 21 is designated as "Federation Day" at the second Fine Arts Festival. A three-fold program is planned including a program of "American Ballet" on the club floor of the Palmer House, attending the Chicagoland Music Festival luncheon at the Palmer House and attending the historical pageant, "Women in American History."

The Festival will be climaxed by merging with the Chicagoland Music Festival for three hours of entertainment at Soldier's Field the evening of August 22nd.

Put your Ford in "Trip-top" shape

"Travelize" your Ford now!
You'll save time and money.

● A vacation trip is one time when you want your Ford in the pink.

Travel-wise owners make sure by having their Fords "Travelized." And not at the last minute, either!

A week or so before their trip, they get the all-round check-up which their Ford Dealer is so well equipped to perform.

Then they know they're driving away in a car which has been given a real "travel-check" by Ford mechanics who have at their disposal the advantages of factory-approved methods and Genuine Ford Parts.

Try this "Travelizing" idea on your own Ford. Let your Ford Dealer go over it point by point, with special attention to the eight under-hood items displayed below. You'll say the peace of mind alone was worth the little time and money it cost you.

GET ALL THIS HOT WATER FROM JUST ONE PRACTICAL-SIZE TANK!
CHOOSE AN AUTOMATIC GAS WATER HEATER

Plenty of hot water for shaves, showers, baths, dishes, laundry, cleaning—yes, everything—is yours with an Automatic Gas Water Heater. You're always sure of enough, even for the extra demands of today's automatic washing machines and dishwashers. That's because new Gas Water Heaters are faster—their "quick recovery" gets you more hot water in a hurry to replace what you've drawn off. There's no need to have a bulky, space-taking tank, either . . . not when Gas gives you more efficiency with a practical size unit.

You'll also like Gas economy . . . just a few pennies a day brings you abundant hot water. Low installation cost saves you money, too.

Start now to enjoy unlimited, low-cost hot water . . . get a new Automatic Gas Water Heater.

$5 DOWN EASY MONTHLY PAYMENTS

Today's AUTOMATIC GAS WATER HEATERS are built to save fuel and give lasting service. They're solidly constructed and protected against corrosion . . . a heavy jacket of insulation all around keeps heat IN, cold OUT. Thermostat automatically keeps water at the temperature you set. See the newest Automatic Gas Water Heaters at our nearest store or your dealer's.

PUBLIC NOTICE

Notice of Proposed Change in Gas Schedule

Commonwealth Edison Company (Public Service Company Division) hereby gives notice to the public that it has filed with the Illinois Commerce Commission on July 14, 1953, proposed cancellation of Rider 6—Company Employe Rate.

Such cancellation is proposed to eliminate the application of somewhat lower charges for gas service to its employees. Only standard gas rates will be thereafter available to Company employees.

Further information with respect thereto may be obtained either directly from the Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed change in the schedule may be inspected by any interested party at any business office of this Company.

Volunteers Needed To Aid Educational Television Station

An intensive recruiting campaign to enlist thousands of volunteers to aid in the drive to establish an educational, non-commercial television station on Channel 11 for the entire Chicagoland area is now under way.

Volunteers are needed in almost every community within the 60-mile radius of Chicago to not only lead individual community campaigns, but to assist in the actual solicitation of funds, it was pointed out.

The help of individuals in this great cause is needed to solicit funds not only from individuals but also from business establishments and organizations. Those interested in assisting in this great project are asked to contact the offices of the Chicago Educational Television Association in the First National Bank Building, 38 South Dearborn Street, either in person, by mail or by phoning Financial 6-5230.

This recruitment program is to continue on throughout the summer season with a final 'big push' scheduled for early in the fall to secure the funds necessary to establish and maintain the proposed non-commercial, educational television station on Channel 11.

The vast possibilities of local institutions to increase their audiences by way of educational television was pointed out by Dr. John T. Rettaliata, president of the Illinois Institute of Technology and member of the Board of Directors of the Chicago Educational Television Association, sponsors of the proposed Channel 11.

He said, "Establishment of an educational television station in Chicago will enable the local educational and cultural institutions to make a more significant contribution to our community."

"In the course of their daily activities our colleges and universities unfold to campus students a vast wealth of knowledge. Through television the entire community is linked with the campus and these same educational treasures can be made available to many thousands of aditional people at a convenience never before contemplated."

"The citizens of Chicago have provided millions of dollars in the form of gifts or taxes to construct and equip buildings, libraries, laboratories, classrooms and museums which are great storehouses of knowledge about Man and the Universe. Really effective utilization of these resources requires increased participation by the populace. With the development of Chicago's Channel 11, this desire becomes a reality."

"If support of educational and cultural institutions is worthwhile . . . and, I know of no wise person with contrary beliefs . . . contributions to create an educational television station in Chicago are certainly most justified."

Contributions to the Channel 11 fund campaign may be given to the local community chairman or mailed to

Card of Thanks

We wish to extend our deepest gratitude and appreciation to our many friends, neighbors and relatives for their many acts of love and kind words of sympathy in our recent bereavement in the loss of our husband and father, Charles Wolff. We also extend thanks for the beautiful flowers and memorial wreaths. We especially wish to thank Rev. H. H. A. Harthun, the pallbearers, the Lansing police for escort service and all those who assisted in any way.

Mrs. Charles Wolff and family.
