Board To Consider Licensing Of Lum's

Can a Lum's Restaurant find happiness in the Village of Lansing without a liquor license? That seems to be the major question which has been asked for the past month and still remains unanswered.

The question was first brought up at the May 2 meeting of the Lansing Village Board. At that meeting, Ronald Buikema, representing Lum's requested a rezoning of the property at 171st and Torrence for the purpose of erecting a restaurant there.

Buikema listed the following items which would enhance the community: location would ease traffic; fifty-eight parking places for patrons; large traffic lanes on the property; attractive design on the grounds; low board lighting and employee parking.

After listing these conveniences before the Lansing Village Board at that meeting, Buikema was granted approval for the rezoning however no stipulation of the granting of a liquor license was included in that decision.

Buikema explained to the Board that Lum's Restaurant could not be erected if a license was not granted to the establishment. After much discussion Mayor Jack McNary finally told Buikema to "put it in writing so the board could view the request."

One month and four days later Buikema appeared at the Village Board meeting this time "with it in writing" asking the board for an amendment to the liquor ordinance to provide for an additional tavern and restaurant license for Lum's restaurant.

Whether the board will approve the request from Buikema still remains unanswerable. However it is certain that if the request for a liquor license is denied to Lum's, they will no doubt go to another town to build their restaurant.

the Lynwood Line

by Marilyn Ooms

The Lynwood Fire Department is seeking volunteers, according to Fire Chief Roger Gritters. Any men who are interested are asked either to call Gritters at 474-3241, or come to the weekly meeting of the volunteers at the fire station on Tuesday nights at 7:00 P.M. The station is located on Glenwood-Dyer Road, about one block west of Burnham Ave.

Gritters also reported that the fire siren is now up on the station, and is working. The alerting system, however, is not due to be installed for a couple of months. This will alert the volunteers in their own homes by means of a radio.

The tanker truck is due for a sandblasting job, to be done by a body shop, for $500.00. It has already been used twice.

I wonder who scraped the red paint off the fire station windows? Looks like somebody can take a hint!

Historical Stamp Books

Lansing has been selected to make available to postal customers a pocket size book depiciting American Heritage on stamps, Postmaster George L. McNamara said today.

"I am pleased we have been chosen to place these interesting books on sale," McNamara said. "Each page displays U.S. stamps in full color with an accurate, concise description and their current value."

The stamps and stories of the book carry the reader on an eventful journey from Columbus' discovery of America to the Apollo 15 landing on the moon.

These pocket books, 51/2 X 7 inches, will be available for $2 each. These books Postmaster McNamara said, are being made available because of the interest expressed in the 1971 Mini-Albums the office placed on sale in December. The publication will be on sale at 8:30 AM on May 25, 1972 at the Lansing Post Office.

Ogilvie Signs Township Refuse Collection Act

Gov. Richard B. Ogilvie signed legislation (HB 2453) that creates the Township Refuse Collection and Disposal Act.

The legislation, which is effective Oct. 1, authorizes a township board of auditors to create garbage collection districts in unincorporated areas of townships and to establish rules for garbage collection in those areas. The act applies only if the electors of a township so choose.

The governor also signed HB 3702 that awards $110 to Nora Carter for money he was originally entitled to under the World War II Veteran Compensation Act.

Other bills signed include HBs 3709-15 that amend various tax acts (retailers occupation, cigarette, messages, gas revenue, public utilities revenue and alcoholic liquors) to permit sharing of confidential information with the Illinois auditor general when requested. The laws are effectively immediately.

The governor also signed HB 4202 which releases a highway easement in Williamson County.

John is the son of Mr. and Mrs. William Padjen, 17711 Roy St., Lansing.

Chuck Van Hessen, another fine athlete from South also made his final commitment to Lakeland last week. Van Hessen was an outstanding fullback and defensive lineman.
