Post Office Pair Walk Last Mile

With sixty-three years of combined experience between them, Walter Huttle, Munster and Walt Erfert, of Lansing, both employees of the Lansing Post Office recently called if quits after a lifetime of 'carrying the mail.' (SUN Photo)

Four of Lansing's "finest feet" have hung up their shoes. Walter Huttle, 8526 Crestwood, Munster, and Walter Erfert, 3246 Ridge Rd, Lansing, mailmen in Lansing for most of their careers, have called it quits after sixty-three combined years of postal service.

Huttle, a 34 year veteran with the Post Office Department, first became a letter carrier back in 1938 as a substitute at the East Chicago Post Office. In 1941 he has given his 'walking papers' on a full time basis in East Chicago and he's been walking every day since.

A year after becoming a full time carrier, Uncle Sam delivered a letter to Huttle requesting his service defending his country in the U.S. Army Signal Corps. Close to four years later, in January of '46 he was discharged from the service and several days later he took another walk, back to the post office.

1959 found Huttle moving to the Lansing Post office where he has been ever since. Upon arriving in Lansing, Huttle was switched from the regular delivery 'beat' to the role of distribution clerk. During his final few years Huttle's time was spent at the window in the Lansing post office performing his regularly assigned duties.

Erfert, a 29 year veteran with the post office started as a substitute carrier in Lansing in the fall of 1943. With the armed forces already behind him, the Lansing resident worked long and diligent hours at the post office delivering a friendly "hello" to everyone he had some mail for that day.

During his many years at the Lansing post office, Erfert spent most of the happy years hoofing through the Coolidge School area.

An amazing item about Erfert was that when he retired recently, he had 2,608 unused sick leave hours.

Undoubtedly these two carriers will miss the town of Lansing and their jobs as greatly as they will be missed by the people they have served for the last three decades.

How will they fill the idle hours they have spent for many years trekking through the streets of Lansing? Like any other retired mailman does—taking a walk.

There's nothing but bargains in Lansing this weekend as shoppers hit the streets for the annual Sidewalk Days which will last through today. Merchants all the way down Ridge Rd. in Lansing and in other parts of town have put their 'goods on the sidewalk' in cooperation with the annual event. (SUN Photo)

Lansing / SUN SPOTS

Moving From Harvey

MR. and MRS. RAYMOND GATZ of 18864 Greenbay Ave., have just recently moved into Oakwood Estates. They were from Harvey, Ill.

Happy 18th

Happy 18th Birthday to KATHY HANSEN, daughter of JOHN B. HANSEN, 177th Pl. She will celebrate her birthday July 31.

Extends Thanks

MRS. WILLIAM HAYES, 17206 Greenbay Ave., wishes to thank all those who thought about her when she was ill. She had many get well cards and wishes that she appreciated.

Swim Party

RICH CAVAGE, 17206 Greenbay Ave., son of MRS. WILLIAM HAYES of Lansing and RICHARD CAVAGE of Calumet City will celebrate his 14th birthday Aug. 1. They are planning a pizza and swim party for him.

Family Dinner

MRS. WILLIAM HAYES, 17206 Greenbay Ave., celebrated her birthday July 28. Her family will take her out to dinner.

5th Wedding Anniversary

MR. and MRS. DOUGLAS JURECKI of 18347 Roy St. will celebrate their 5th wedding anniversary Aug. 5 by going out to dinner.

Happy Anniversary

MR. and MRS. GLEN GULLEY of 3410 Randolph will celebrate their 23rd wedding anniversary Aug. 1st by going out to dinner. Mrs. Gulley (Marge) works at the SUN-JOURNAL in circulation.

Named To Dean's List

MARTHA GRADEN, 3623 173rd Ct.; NANCY JOHNSON, 17925 Escabana Ave.; and GARY TERPSTRA, 2171 Thornton Rd. were all named to the Dean's List at Northern Illinois University for the spring semester.

Visit Space Exhibit

MR. and MRS. TED LUTHER and daughter and MR. and MRS. KEN MOTE, recently visited the world's largest space exhibit during a trip to Huntsville, Ala.

Attend Convention

President ESTON ELLIS and Secretary BIL WALTER are planning to attend the Kiwanis State Convention in Peoria from Aug 17-19.

Golden Anniversary

MR. and MRS. ROBERT A. KLEIN, 18257 Ada St., celebrated their 50th wedding anniversary June 18.

Receives Scholarship

REBECCA L. ELLIS, 2956 E. 191st Pl. is a recipient of a special education scholarship in undergraduate work for recent high school graduates.

Call Randy Hellmann (474-7400) to place news items.

Drugs Destroyed

The Illinois Department of Law Enforcement destroyed between $1.5 and $2 million worth of drugs yesterday (Wednesday) at the city of Chicago incinerator, 39th and Iron sts., according to Richard Gliebe, director of the Illinois Bureau of Investigation.

The drugs, which included marijuana, hashish, heroin, mescaline and LSD, are burned periodically during the year as standard procedure by the IBI, Gliebe said. They had been obtained during a number of investigations made this year.

"After a case is adjudicated, the evidence is turned over to our organization, and we in turn inventory it and destroy it approximately every six months," Gliebe explained.

"It manifests the type of technic that we use during the course of drug investigations, that is, the seizure of as many drugs as we find on the street and during the course of investigations," he said. "It hurts the traffickers economically. They invest substantial amounts of money in drugs, and then when these drugs are confiscated by the state, the distribution system suffers. Our object is to seize as many drugs as possible."

G.E. REFRIGERATOR, 14.3 cubic ft. almost new. $100.

"Sun Journal classified brought us quick results."

Board Appoints Three To Plan Commission Posts

Three long-awaited appointments to the Lansing Plan Commission became a reality at the regular meeting of the Lansing Village Board Tuesday evening.

Contrary to previous attempts to fill the vacancies left by the resignation of three members of that commission, members of the Village Board unanimously approved the three recommendations made by Mayor Jack McNary.

Eugene Knoezer, 3239 S. Manor Dr., was appointed to fill the vacancy created by the departure of John Koenes. The newly appointed commission member will serve until the September 1976 expiration date.

Also appointed to the Plan Commission Tuesday night was Frank J. Miller, 18254 Walter St., who will serve until September 1978 filling the vacancy due to the resignation of Jack Earnshaw.

The remaining Plan Commission post will be filled by Lawrence McCall, 3639 176th Pl. McCall will serve until September 1976 replacing Don Giedemann who resigned.

Other appointments occurring at Tuesday night's meeting included that of Mrs. Joan Reich 18748 Walter, who will replace Philip Morris on the Zoning Board of Appeals. Mrs. Reich, a former secretary of the ZBA will serve until June 1977.

All appointments were met by unanimous approval from the Village Board trustees.

Hoover-Schrum Accepts Date

The population of Calumet City will suffer a decline during the week of Aug. 12 through 20, when 92 band students and 41 adult chaperones leave for the state of Florida.

Michael Landes, director of the famous Hoover Schrum Band, "The Ambassadors of Calumet City," just announced that the band has been invited to perform in "DisneyWorld," Lake Buena Vista, Florida.

Hoover Schrum Band, with its 26 flag color guard, and riflettes, will bring to "DisneyWorld," the marching musical philosophy as expressed in the theme song, "Everything's Coming Up Roses." The band will lead the parade of Walt Disney Cartoon Characters down Main Street to Cinderella's Castle. There in concert band formation members will present their widely acclaimed "Show Time U.S.A." concert.

Since the facilities require a stand-up concert, the Band has been enthusiastically rehearsing, by memory, such concert high-lites, as "West Side Story," "Music Man," and the original "Dixieland Concerto," featuring The Dixieland Combo, also selections from "Jesus Christ, Super Star."

The band has also been invited to play in "Rain Bow Springs," in Dunnellon, Florida. There students will be guests of the management for lunch and rides in the under-water boats, plus a Rodeo in the afternoon.

Another invitation is a Pool Side Concert at the Sheraton Olympic Villas, in Orlando, Florida.

Jerry Jaronowski, Band Parents Association president, and trip captain, reports the prospect of two additional exciting invitations, these will be announced when the concert dates are definitely set.

The role of "Ambassador," is not a new one to the Hoover Schrum Band, as they have performed in California's DisneyLand, Expo 67, Montreal, Canada, New York World's Fair, and New York's Madison Square Gardens, where they were choosen to appear as "The Golden Anniversary," band for the Kiwanis International Convention.

Rock Band Is Coming

The "Jeffery," a popular area rock band, will play for a dance sponsored by the Lake County Public Library August 13, from 8 to 11 p.m.

The dance will be held in the parking lot of the Reference Library, 1919 W. Lincoln Highway, (U.S. 30), in Merrillville.

Members of the band are all from the Crown Point area. They organized about a year ago and have quite a following in Northwest Indiana.

Music for the dance is provided through a grant from the Music Performance Trust Funds and the co-operation of Hammond Musicians Guild Local 203. The local committee includes Kenneth M. Tease, chairman, Joseph D. Pressner, executive secretary, and Clarence Huber.

Little Sharon Moore seems disinterested in the entire situation as her mother participates in the shopping excitement during Lansing's Sidewalk Days. (SUN Photo)

End Search For Timmy

Two sleepless nights and many hours of worry ended on a happy note for a Lansing couple late Wednesday night. Little Timmy Forsythe, a 13-year-old student at Sunnybrook school was found in the Chicken Unlimited restaurant on Ridge Rd. in Lansing, somewhat tired and shaken, but otherwise in good health.

According to Timmy's father, William B. Forsythe, his son, who had been missing for two days after disappearing from the area of 184th and Torrence Avenue, was found late Wednesday night after he had spent two nights sleeping in an old abandoned trailer.

Timmy was the object of an area-wide search by Lansing policemen and many community residents. He had been last spotted by his friend Carl Esperazo whom he had been playing with near the Torrence avenue area.

Mr. Forsythe came to the SUN-JOURNAL office early Thursday morning asking us to aid him in the search for his 13-year-old son.

Approximately thirteen hours later mother, father, and Timmy were all together once again, talking about little Timmy's 'lark' and trying to find out why it happened. It's something parents shouldn't go through once let alone possibly again.

Lansing's Newest AFS Visitor 'Likes The Cubs'

Nina Samson, foreign exchange student from Kati, Kati, Bay of Plenty, New Zealand arrived in Lansing on Friday, July 21.

Nina will be making her home with the Joseph Cragel family, 3259 South Manor Drive.

There will be a "Get Acquainted" coffee at the Cragel home on August 2 from 10-12 a.m. for A.F.S. members to meet Nina and welcome her.

Saturday, August 26, there will be a picnic in the Cragels yard for members and their families. Games will be played and a pot luck meal will be served.

Nina is already a "cub" fan and will be attending her very first baseball game with her family, the Cragels. She will be presented with an autographed baseball by one of the players.

...engagements...

LARSON-SMITH

Yvonne Anntionette Larson

Mr. and Mrs. Lorn Larson, 18267 Grant St., Lansing, are announcing the engagement of their daughter, Yvonne Anntionette, to Randall Smith, son of Mr. and Mrs. Farrell Smith, 1487 Forest Ave., Calumet City.

Both young people are employed by Litho Type Inc., Lansing. Miss Larson is a graduate of Thornton Fractional South High School. Her fiance is a graduate of Thornton Fractional North High School.

A September wedding is being planned.

SHANNON-LOVE

The engagement of their daughter, Barbara Ann Shannon, to Terry Wayne Love, is being announced by Mr. and Mrs. John P. Shannon of Port Charlotte, Florida. The prospective bridegroom is the son of Mr. and Mrs. Earl R. Moore of Calumet City.

Miss Shannon graduated from Charlotte High School in Florida and is presently employed as a bookkeeper at the same high school.

Her fiance is a 1965 graduate of Thornton Fractional North High School and Bethel College in North Newton, Kansas, where he majored in natural science. He is now attending Chicago College of Osteopathic Medicine in Chicago.

The couple will be wed Aug. 19 at 3 p.m. in St. Borromeo Catholic Church, Port Charlotte, Florida.

barbara ann shannon

Waltz King To Perform Tuesday At River Oaks

River Oaks Shopping Center, River Oaks Drive and Torrence Avenue, will present Wayne King and his orchestra, Tuesday, Aug. 1, 9:30 p.m. The program is the fourth in a series of seven free concerts offered to the public by the merchants of River Oaks Center.

Site of the concert will be the southeast parking lot adjacent to the office building. Chairs will be provided for the public in a roped-off area.

Wayne King, the man whose name became the nation's byword for fine dance music, began his career with the Del Lampe orchestra at the old Trianon Ballroom in Chicago. It was in Chicago's other big ballroom, the Aragon, that King made his early rise to fame as a dance band conductor.

There, even during the jazz craze, his "Waltz You Saved for Me," became famous from coast to coast.

Over the years, Wayne King has become familiar to millions of Americans through his radio and television shows and concert appearances.

In his leisure hours, the "waltz king" is an Illinois farmer supervising the activities of his two large farms near Roselle and Ottawa.

Following the King concert, River Oaks will present Myron Floren, Aug. 8; Earl Wrightson and Lois Hunt, Aug. 15; Ray Eberle, Aug. 22.

Additional information on the free summer concerts may be obtained by calling 868-1700.

There will be a teenage dance from 1 to 6 p.m. in Mary's Place, 155th and Forsythe Ave., Calumet City. Tickets available at the door.

• • •

The Junior and Senior High Youth of Lansing Presbyterian Church will have a pool party at Lake Lynwood, leaving the church at 4 p.m.

• • •

"The Lake Ridge Four" a teen singing group will be at the Lansing Church of the Nazarene, 7 p.m., open to the public.

• • •

Knights of Columbus, Coronata Council 3806 will have a family corporate communion in St. Victor Church at the 8:30 a.m. mass with breakfast following in the clubhouse.

MONDAY, JULY 31

Whistle Baiters TOPS Club will meet at 7:30 a.m. in First United Methodist Church, 18420 Burnham Ave., Lansing.

• • •

Calumet Chapter of Sweet Adelines will rehearse at 8 p.m. in First United Methodist Church, 8609 Columbia Ave., Munster.

TUESDAY, AUGUST 1

Weight Watchers will meet at 9:30 a.m. and 7:30 p.m. in First United Methodist Church, 18420 Burnham Ave., Lansing.

Serve A Golden Egg Salad Treat

A golden egg salad sandwich is easily made. Team Coarsely chopped hard-cooked eggs, diced cooked ham, grated cheddar cheese and finely chopped celery.

Bind together with mayonnaise or salad dressing sparked with dry mustard, finely-chopped onion, salt and pepper. Spoon onto split hard rolls.

Heat in a 400 degree oven about 14 minutes until cheese starts to melt and edges of rolls are delicately browned. Serve with carrot sticks and radishes.

John C. Gilmore of Westport, Conn., left, founder of Community Club Awards watches as Mrs. Roman J. Krygier Jr. of the Lansing Junior Woman's Club accepts a check for $105 on behalf of her club from Wendell Borrink, general manager of Radio Station WLNR. (SUN Photo)

Lacare Art, Crafts Fair Scheduled

Lacare Art League invites all area artists and craftsmen, both professional or amateur, to participate in its first Art and Craft Fair, Sept. 9 and 10. The fair will be held outdoors in the parking lot of the Howard Branch Library, 7047 Grand Ave., Hammond.

Mrs. Frank Stanfel of Griffith, applications chairman, said entries are now being accepted for exhibits in all forms of original arts and crafts. Spaces will be rented by the league at a nominal fee.

Artists may exhibit their works or offer them for sale. Applications can be obtained at the Hammond Main Library, Howard Branch or by contacting Mrs. Stanfel.

Mrs. Frank Budzik, in charge of awards, said winners will be selected by popular vote for best exhibit. Prizes will be awarded at 4 p.m. Sunday.

Some Midsummer Tours For Midwest Motorists

With summer more than half gone, everyone wants to make the most of the remaining warm weather weeks. Here are 10 Chicago Motor Club-suggested Midwest vacation spots for midsummer vacationers. A list with something for everyone.

CHICAGO...If you haven't visited Chicago in the last five years then you have a big surprise in store for yourself. The "Windy City" has gotten taller and more interesting than ever before. A good place to begin is the 94th floor of the John Hancock building where you can step out onto the observation deck for an awesome view of Chicago and its beautiful lakefront. Chicago offers numerous attractions including major league baseball, beaches, the Merchandise Mart, Art Insititute, Field Museum of Natural History, Lincoln Park and Brookfield Zoos, free Grant Park concerts every Wednesday, Friday and Sunday evenings, Adler Planetarium, Museum of Science and Industry, Shedd Aquarium, Chicago Furniture Mart and the city's famous architectural styles.

KEWEENAW PENINSULA, MICHIGAN UPPER PENINSULA...If you are looking for pure, fresh air with cool nights and warm days, then the Keweenaw Peninsula might be the place for you. Located in Michigan's Upper Peninsula, this area offers some of the most interesting scenery to be found in the Midwest, including parts of the Lake Superior shoreline which are not unlike the rugged coast of Maine. If is the home of both McLain State Park and historic Fort Wilkins State Park, as well as the gateway to Isle Royal National Park. The numerous lakes, rivers and streams offer the fisherman an opportunity to indulge in his favorite pastime.

THE APOSTLE ISLANDS, WISCONSIN... Situated on Lake Superior, offshore from Bayfield and surrounded by exceptionally blue waters, the Apostle Islands are of great interest for their rugged formations. Madeline Island, largest of the 22 islands, is the site of the village of La Pointe, one of the state's oldest settlements. Regular ferry service is maintained between bayfield and La Pointe, except during the winter.

INDIANA DUNES STATE PARK, INDIANA...At U.S. Highway 12 and Ind. 49, about 10 miles west of Michigan City, the nearly 2,200 acres of shifting sand dunes have three miles of frontage on Lake Michigan. Numerous trails meander throughout the Dunes area, offering a good alternative when the lure of the lake loses its appeal. Park facilities include a bathhouse, pavillion and a large parking area.

CRAB ORCHARD NATIONAL WILD-LIFE REFUGE, ILLINOIS...Located four miles east of Carbondale, the refuge covers some 43,000 acres. The area contains the irregularly shaped 7,000 acre Crab Orchard Lake, the state's largest manmade body of water. Other lakes in the refuge include Little Grassy, 1,000 acres, and Devil's Kitchen, 800 acres. The refuge provides fishing, hunting, swimming, boating, camping and picnicking.

CHEQUAMEGON NATIONAL FOREST, WISCONSIN...More than 400 lakes dot these 837,000 acres in north-central Wisconsin. The Chequamegon (sho-WA-mo-gen) timberlands consist of hardwood and conifers with extensive pin and spruce plantations. Recreational feature include camping picnicking, boat launching sites and swimming. Private resorts and cabins are located in the forest with the nearby towns being Ashland, Eau Claire, Hayward and Superior.

MACKINAC ISLAND, MICHIGAN UPPER PENINSULA...Once a strategic fortress of the British and now a resort community, the island is three miles long and two miles wide, irregularly shaped, with high cliffs marking most of the shoreline. Transportation on the island is by carriage, bicycle or horse. The only permitted mortorized vehicles are a utility truck, fire truck and ambulance. Facilities for all summer sports are available, including a yacht harbor and golf course.

MISSISSIPPI PALISADES STATE PARK, ILLINOIS...Two miles north of Savanna on Ill. 84, this area of nearly 1,300 acres has rugged cliffs rising above the water, thickly wooded area, and attractive valleys. Points of interest include the Twin Sisters, Bob Upton's Cave and Indian Head. Hiking, riding and boating facilities are available.

BOULDER JUNCTION, WISCONSIN...In the Upper lakes region of Wisconsin, in the Northern Highland State Forest, Boulder Junction is a sports fishing center in the summer. Within a nine mile radius there are 190 lakes from which more than 1,500 muskellunge (muskies) are taken annually. The minumum size limit for this fighting fish in Wisconsin, is 30 inches long. Bass, trout, great northern and walleyed pike are also plentiful, while bear and deer roam wild in the surrounding woods.

NEW GLARUS, CAVE OF THE MOUNDS, WISCONSIN..."Little Switzerland," as New Glarus is called, is typically Swiss in atmosphere and characteristics. Swiss music and yodeling and the colorful Wilhelm Tell Pageant are staged during the Labor Day weekend. The nearby Cave of the Mounds is two city blocks off U.S. 18 and 151 between Mount Horeb and Blue Mounds. The cave is noted for its great variety of formations and unusually brilliant coloring. Forty-minute tours are conducted everyday of the week with an admission charge.

Nature lovers, Mr. and Mrs. Peter Kapteyn have worked wonders with the property they own at 18113 Lorenz Ave., Lansing. They are winners of the "Lovely Lansing Landscape" award. (SUN Photo)

Teamwork Results In Beautiful Surroundings...

Mr. and Mrs. Peter Kapteyn of 18113 Lorenz Ave., Lansing, have captured the second first place award in the "Lovely Lansing Landscape" project, sponsored by the Lansing Junior Woman's Club.

A large fishpond was installed during the depression, a hanging basket of asparagus species has grown near the front door for 15 years and several trees planted by the couple 42 years ago have grown from saplings to shady giants. A windmill, purchased many years ago has a prominent spot in a rock garden terrace, covered with tiny begonias.

Kapteyn, a retired produce market owner remarked," My wife and I believe in gardening teamwork to keep the front salvia borders and back flower beds weeded, the lawn perfect, and daily raking of the white gravel driveway." He added, "Some people take vacations, our vacation is working in the yard."

The Kapteyns' now display the "Lovely Lansing Landscape" plaque near a front marigold bed and are the recipients of a $5 certificate from Sunnybrook Lawn and Garden Center.

Honorable mention went to Eugene Thomas of 3669 178th St., Lansing. He has devoted his retirement time from Rand McNally to the pleasure of gardening. Roses, petunias, tiger lilies, shasta daisies and marigolds border a white picket fence and patio. In one corner of his yard, a bird bath is surrounded by orange marigolds and Begonias circle a shady tree.

The junior club is encouraging Lansingites to drive pass these two yards and to continue sending nominations for the next four weekly prizes to "Lovely Lansing Landscape," 3652 176th Pl., Lansing. Include the nominee's name, address and phone number.

Ample August Vegetables

Total supplies of fresh summer vegetables during August will be seasonably large. Among the leaders will be sweet corn, cucumbers, lettuce and tomatoes, available in generally ample supply.

Fighting Crime At Home

Rising crime rates are a constant source of dismay, not only to the FBI, politicians and policemen, but to anyone who owns a home.

The news analysts present the frightening statistics, but they rarely offer sound advice on combating crime. Here are some ideas to make your home safe from intruders:

Illuminate the front door and steps. If only one light can be used, mount it on the lock of the door. Make sure there's enough light to identify callers but don't use a blinding bulb. A minumum of 100 watts is necessary.

Adjustable spot or flood lighting in the garage area is a deterent to criminals who would stop you on your way to the door. Make sure all outdoor outlets are weatherproof.

Don't walk into a darkened house. Have adequate lighting in the foyer. When you go to sleep, leave some lights burning in the living room.

Going away? A dark house is a welcome sight to a would-be burglar. Invest in some inexpensive timers and set a few lamps to go on automatically while you're gone.

If you live in a high crime area, have some good locks installed by a locksmith. A simple chain lock drawn across your door won't stop a determined thief.

Familiarize yourself with your neighbor's habits and cars. If you see strange cars circling your street with some regularity, check with the police.

'Milk Chocolating' In Hershey

What's a dairy farmer doing in a town like Hershey, Penn. where the major industry is the manufacture of chocolate? The answer is simple – "milk chocolating".

Hershey uses the milk supplied by 80,000 cows every day to produce their famous milk chocolate, the most popular form of eating chocolate.

The Unmaking Of A Vice President

As if things weren't going badly enough for George McGovern. George Meany won't talk to him, hawks are furious with him about going to Hanoi to "beg", liberals are leaving the ship because they feel he has weakened his stand on withdrawal, and now it turns out his running mate is an alumnus from a Missouri mental ward.

Tom Eagleton, once thought to be the man to win back friends among Democratic voters, laid it on the line Tuesday in an historic press conference, detailing three hospital stays for what has been termed "nervous exhaustion." Republican leaders, from the President on down, have been very careful not to comment on the revelation. I suspect they fear McGovern might make a change...the GOP will have plenty to say about Eagleton's medical record once the fall campaign begins in earnest.

The most amazing consideration in the whole affair, at least to this reporter, is the fact that McGovern seemed in the dark about his running mate's troubles. One would think a prospect for the vice presidential nomination would be thoroughly investigated long before the convention. Apparently this was not the case. One would also think Eagleton might have informed McGovern of his previous difficulties before his name was put in nomination. That way George could have made up his own mind about the desirability of Eagleton on the ticket.

I don't wish to seem irreverent to a potential President, but I have to credit George McGovern with the biggest whopper of the year when he said: "It's true I didn't know about Tom's illness before I picked him, but it wouldn't have made any difference." In a single statement, McGovern won a lifetime membership in the Liars Club Of America.

Leading Democrats are offering half-hearted praise for Eagleton's "courage" and "straightforwardness" in revealing his hospitalization. It took a lot of guts, they are saying, to bring this information forward to the American public. Hogwash.

An industrious reporter for the Knight newspapers got a tip and did a little digging in St. Louis and came up with the scoop all by himself. Faced with an upcoming expose', Eagleton decided to come clean before the newspaper group did it for him. So much for heroics.

The intrinsic gravity of the matter is a question only trained minds can answer. How serious were Eagleton's mental setbacks? If elected Vice President could it happen again? Does Eagleton's tendency toward nervous exhaustion and fatigue make him unfit to hold the second highest office in the land? Only his psychiatrist knows for sure.

Whatever the professional verdict may be, the news will have a tremendous effect on the average voter. All of us readily accept the fact that political life can be a grueling proposition. We can understand that a candidate may have to enter a hospital for a rest, or even an extended checkup. But when we hear of extensive psychiatric care which includes shock therapy, the most forgiving soul becomes a little worried.

To those of you who might think I've been a little rough on Tom Eagleton, you may be right. If so, it's only because I feel the American voter has been cheated. The poor guy is left with little choice between Eagleton and Agnew for Vice President. It's either voting for one guy he thinks might be crazy or another who has already convinced him.

Martwick Offers Revenue Proposal

Aides of County Schools Superintendent Richard J. Martwick Tuesday offered testimony at a public hearing that included a proposal which, if put into effect by the state and county government, could:

1) Increase the amount of tax revenue available for education in Cook County.

2) Provide a $100 per year tax reduction for owners of single family residences.

The presentation was made before the Special Committee for the Cook County Assessor's office chaired by Professor Richard Michael of Loyola University.

The statement attacked the inequities of raising monies for education in Illinois and suggested raising the industrial property classification so that the assessment will equal 50 percent of the fair market value of such property.

The testimony additionally challenged the double penalty imposed upon the taxpayer of Cook County resulting in a loss of $77,000,000 in state aid. The penalty is imposed because:

1) Dual school districts (high school and elementary schools under separate board of education) are discriminated against by the current formula. Virtually all downstate districts are unit districts and the resultant discrimination against Cook County school districts costs the taxpayers roughly $44,000,000.

2) The arbitrary state equalization factor for Cook County in 1971, which brings the assessed valuations of property in Cook County up to 50 percent of fair market value, has cost school districts here an additional $33 million.

The report points out that if this money had been received and distributed to the 700,000 single family resident taxpayers in Cook County as a reduction in their taxes, the average tax bill would have been reduced in 1971 by more than $100 per single family dwelling.

It was further pointed out that current corporate state income tax as presently administered in Illinois, provides revenues of less than 20 percent of the total amount received from the state income tax.

The testimony was presented by Norman D. Finkel, legal counsel to Superintendent Martwick, and Dr. John Leigh, Deputy Superintendent.

SALUTE PICNIC PLAN

Some 5,700 active and retired members of the Inland Steel 25-Year Club will pay a special salute Saturday to two men who have arranged the club's summer outings for the past 18 years.

Carl E. Olson, executive secretary for activities, and Edgar F. Stephan, executive secretary for membership, are stepping down from club duties they had held since 1954.

CARL E. OLSON

Olson, who resides at 113 W. Waltham St., Calumet City, will retire from Inland on Sept. 1 with 49 years of service.

Stephan, who lives at 5474 Maryland St., Gary, ended his company career in June as a 48-year veteran.

At this Saturday's outing in East Chicago's E. J. Block Stadium, Olson will be succeeded by Edward E. Kelly, 4126 Hemlock St., East Chicago, and Stephan by Harold L. Hamersley, 2929 W. 41st Ave., Gary.

While stepping down from his executive job, Olson will take up the post as club president for 1972-73, since he presently has more company service than any other actively employed Inlander.

This year's outing will get under way at 10 a.m., with a brief business meeting conducted at 2 p.m., and food and refreshments served throughout the day.

VFW Aux. Offers Prizes To Early Bird Members

Members of the Ladies Auxiliary to Ehinger Bros. Post 8141, Veterans of Foreign Wars, Calumet City, are urged to remit their 1973 membership dues early and become a member of the "Early Bird Club." This will serve to the advantage of individual members since dues will be increased from $6 annually to $7 as of Dec. 1. By remitting early, the member will save $1 and also be entitled to participate in a series of free drawings, stated Mrs. John P. Churilla, membership chairman.

The first drawing was held at the Annual Picnic July 16 resulting in beautiful gifts to five members out of the sixty-two who had paid their 1973 dues as of that date. These winners were Mrs. Ronald Hlad, scenic picture in wooden carved frame; Mrs. Pauline Linkiewicz, set of maple knife holder and napkin holder; Mrs. Bruno Kozlowski, Jasmine candle; Mary Kieras and Jean Holley, decorated serving platters.

Dues will continue to include the $2.50 cancer insurance charge and allow the member the privilege of participating in blood bank program should she desire to have herself and her family covered. Mrs. Churilla stated the local dues are much less expensive than those of the majority of other auxiliaries throughout the country, with the same, or better, benefits and coverage.

Dues may be left or mailed to post headquarters, 664 Hirsch Street, Calumet City, and should include the member's name. It is suggested a check be made in the amount of $6 payable to "The Ladies Auxiliary to Ehinger Bros. Post 8141".

Smiling happily at the progress of membership dues collection, are left, Mrs. John P. Churilla, Membership Chairman, Ladies Auxiliary to Ehinger Bros. Post 8141, VFW, Calumet City, peeking over top of sign listing names of 1973 paid up members who have saved $1.00 by being an "Early Bird." Mrs. Edwin Novak, treasurer, and Mrs. Ben Richter, president, demonstrate a free drawing for many beautiful gifts to which these members are entitled. Drawings were held July 16 and July 26; next drawings will be held at business meeting Aug. 9, and social Aug. 23, to which any member who has paid her 1973 dues as of those dates, is entitled to participate.

Bakalis Sets Up Office Plan For Negotiations

State School Superintendent Michael J. Bakalis has issued formalized procedures his office will follow in dealing with "the reality of school board-teacher collective negotiations."

In a letter to school boards, district superintendents, and teacher organizations, Bakalis stated the procedures are necessary to provide a framework under which collective negotiations can be handled.

"There is no statute and there are a few court decisions in Illinois," Bakalis said, "to provide a legal framework for the bargaining process -- a situation which is especially critical when it comes to settling disputes. But collective negotiation and school board-teacher disputes are a reality and we need a mechanism to deal with them.

"Until the legislature meets that need with the passage of collective negotiations act, these procedures will go a long way in bringing order to this currently chaotic process. Under our procedures we will offer help in those situations where meaningful negotiation is stalled, to insure the education of children in affected districts is not jeopardized."

Bakalis has sent forms to school baords and teacher organizations requesting information regarding the progress of negotiations in local school districts. He has asked the forms be returned by August 1, and in districts where bargaining is taking place, on the first of every following month until a settlement is reached.

The office of the superintendent will supply the parties (school board-teachers) with information and advice as requested during the negotiations process. Bakalis said this information includes, among other things, labor relations, school finance, and statistical data.

"If, after a reasonable time," Bakalis said, "a dispute reaches a point where the education of students in a district may be impaired, and if there is no contractual means available or being used for settling the dispute, we may offer mediation services.

"We will then present the parties with a list of five possible mediators. They are free to select any one of the five or anyone else mutually agreeable at any time during the negotiations."

Bakalis added should either party refuse mediation, or should mediation prove unsuccessful, he will offer fact-finding services. If the parties refuse to participate in fact-finding and if the situation appears serious, Bakalis may appoint a fact-finder and if necessary, conduct hearings to ascertain the issues.

Night Course

Daylight hour breadwinners can now take advantage of after-work business courses beginning Fall, 1972 at Thornton Community College, 50 W. 162nd St., South Holland.

Evening courses in Accounting, Data Processing, Finance, Insurance, and Management, plus Marketing, Shorthand and Typewriting are scheduled to begin the week of August 21.

Entered as second class matter at the Lansing Journal at the postoffice at Lansing, Illinois, April 16, 1932. Reentered as the Sun Journal February 16, 1970. Second Class postage paid at Lansing, Ill.

In addition the Calumet Publishing Co. publishes The Sun in two editions: Lansing and Calumet City on Tuesday; The Calumet Day on Wednesday; The Harvey News Star on Wednesday and The Daily Calumet, Monday through Saturday.

MEMBER 1971 NEWSPAPER

Disney Film Spoofs Invisibility

Long a leader in the field of family comedy spoofs of outrageous scientific schemes and theories, Walt Disney Productions lampoons the idea of invisibility in "Now You See Him, Now You Don't," now playing at the Lans Theater in Lansing. Featuring the characters from the recordbreaking "Computer Wore Tennis Shoes," this sequel stars Kurt Russell, Cesar Romero, Joe Flynn, Jim Backus, William Windom, Michael McGreevey and Joyce Menges.

Of all the impossible dreams which man has sought to capture since the beginning of time, the most elusive, and consequently most desirable, have been invisibility and the ability to fly.

The aspirations of Icarus, as relevant today as they were in antiquity, were not fulfilled with the coming of the airplane. Men were still not able to fly freely with the wind, like birds into the horizon. Neither has invisibility ever been within grasp.

Until today.

Having replaced the traditional gods of fire and thunder, the contemporary gods of progress and technology have seen fit to bestow upon man, their humble servant, both of these impossible dreams via the motion picture screen.

Flying has been man's, with varying degrees of success, from early serials like "The Adventures of Superman" to the more recent "Brewster McCloud."

Invisibility, too, has been a commercial commodity since "The Invisible Man" first struck in 1933. One of the most successful early television series, "Topper," which is currently being reprised in syndication, was built around a ghostly young married couple and their invisible, alcoholic St. Bernard.

With "Now You See Him, Now You Don't," Disney not only satirizes the invisibility syndrome, but carries on the comedy tradition set by earlier Disney box office champs like "The Shaggy Dog," "The Misadventures of Merlin ones," "Son of Flubber," "The Moneky's Uncle," "Blackbeard's Ghost" and "The Barefoot Executive."

The police chief in a small western Texas town confiscated some counterfeit bills and wired the FBI in Washington to ask what to do with them.

He was told to send the bills there at once. Several weeks passed and the bills didn't arrive. The FBI sent an inquiry about the money. The chief studied the wire from the FBI and then sent a wire in return: *Bills should be there. Sent them by Money Order four weeks ago.*

Neighbor: "Sorry, pal, my hen got loose and scratched up your lawn." Neighborly: "That's okay. My dog ate your hen."
Neighbor: "Great! I just ran over your dog."

"You forgot the cockroach powder, daddy."

Buckner's Off To Hoosier

UCLA's and Michigan's loss has turned out to be Indiana's gain as Quinn Buckner (Thornridge) has taken a grant-in-aid at the Hoosier university.

The major factor in Buckner's decision was that Indiana promised him he could play football as well as basketball. (John Wooden, coach of UCLA basketball, had said he would not allow Buckner to play football).

Buckner's heroic's over the past two seasons have become somewhat mythical as he led the falcon football team to two outstanding seasons (including the no. 1 state ranking in 1970) and was a primemember of the basketball team that won consecutive state titles, and 54 straight games.

He was chosen by Letterman Magazine as the number one high school athlete in the nation, and many feel that no other person has done more for Illinois prep sports than the new president of Bloomington, Indiana (come fall), Quinn Buckner.

St. Anns Wins 2

In the Lansing 16" softball Church League this week, St. Ann's (2) came up with 2 victories beating Homewood Gospel one game and gaining a split with Baptist of Lansing.

In the meantime, Lansing Methodist proceeded to put Baptist (SH) in last place by beating them twice with an outstanding performance from 1st baseman Tom Wisniewski, who contributed 5 homeruns and reached base safely each time at bat.

Although (SH) Baptist only has one victory to its credit one must recognize that Phil and Keith Whitman are two of the best players in the Lansing Church League and are working very hard with several young boys.

The surprise of the week was Village Free continuing to play undefeated softball by beating out 1st Christian of Lansing (4-1) who could be considered the toughest team in the league.

Volleyballer's Make Plans

The LANSING GIRLS VOLLEYBALL LEAGUE meeting was held on Wednesday, July 19 at the K of C Hall, 178th and Burnham Avenue, Lansing, Illinois. The Nominating Committee presented the slate of officers for the 1973 season and membership unanimously elected same.

President: Mrs. Harold (Marlene) Biesboer, Vice President: Mrs. John (Rhoda) Matthys, Secretary: Mrs. G. (Jean) Couwenhoven, Treasurer: Mrs. Richard (Bonnie) Kekelik, and Capt. of Refs: Mrs. Celine Rosati.

Final plans for the Junior-Senior Banquet to be held on Wednesday, August 2nd, at the K of C Hall were made. All leaders received their tickets and the membership voted to do without entertainment for this year. Also, the Pool Party at Lan Oak Pool for all registered girls and leaders is Thursday, August 3rd.

Inflation hasn't changed the price of ashes.
But it has changed the price of your home. For example, if you bought an $18,000 home in 1963—today it's worth about $24,200. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth . . . and keep it that way with automatic Inflation Coverage.

New Beach Area May Be Approved Soon

At the request of Gov. Richard B. Ogilvie and Sen. Charles H. Percy, White House officials are close to a decision which would open to the public a choice Lake Michigan beach area.

In a joint announcement, Ogilvie and Percy revealed their plan to remove from Defense Department control 170 acres of prime open space and scenic beach at Fort Sheridan.

They appeared Wednesday morning at a new conference in Chicago to discuss the project. Ogilvie explained:

"Since the spring of 1971, we have worked closely with federal officials to secure for public use a significant portion of this uniquely situated acreage so near Chicago.

"This effort reflects our recognition that Lake Michigan is the prime recreational resource for northeastern Illinois and that it has not been accessible to enough of our citizens.

"The proposal for Fort Sheridan complements our major effort at Illinois Beach State Park, where we are in the process of acquiring the remaining shoreline all the way north to the Wisconsin state line.

"The Fort Sheridan plan was prepared and submitted by our Department of Conservation, and it has been studied in detail by the Property Review Board, which is part of the office of the President.

"We are hopeful that we can get affirmative action shortly --similar to the decision the President took in turning over the beach at Camp Pendleton, Calif., for public recreation."

Senator Percy commented: "I have supported this plan wholeheartedly. Not only does it maintain Fort Sheridan as an active defense installation and major employer, but it also provides a desperately needed water-oriented recreation site to the public. I congratulate all concerned on their resourceful plan to accomplish this objective.

"We have tried to make one point very emphatically--waste of public property that has such a recreational potential can't be measured only in dollars. It seems essential to open this precious lakefront for public use."

In addition to offering a scenic stretch of beach, the proposed public area would provide boat launching and support facilities, as well as picnic spots, hiking trails in the natural ravines, and playing fields, according to Henry N. Barkhausen, state director of conservation.

A prime feature of the state's proposal, Barkhausen said, is the fact that the site can be made accessible to the public without interfering with military operations or the physical integrity of the base.

The proposed public site is at the north end of the military base, adjoining Lake Forest.

The area now contains a small airstrip and no major permanent buildings, Ogilvie said. As presented, the plan would eliminate the airstrip and cut the base's 18-hole golf course to 9 holes.

Sen. Percy added:

"The land for the entire base was originally a gift to the government from public-spirited businessmen. It would be most suitable now to return as large a part as possible to the public."

The recreation site is approximately one-fifth of the base's acreage, but includes nearly three-quarters of a mile of beach, Ogilvie noted. He added:

"In view of the great public need--and the fact that the site is served by convenient rail and road transportation, we feel we have made the strongest case possible for the plan.

"Both the senator and I will continue to work closely with the White House, and we are squarely on target with the President's announced goal of "Parks to the People"--returning unneeded federal property to public use.

"A decision is close to being made, and we are very hopeful of the outcome."

VFW Post Plans Two Events

urged to participate in this worthwhile enterprize also and may contact Mrs. Churilla, 862-1462 or co-chairman, Mrs. Jane Koniarski, 862-9457, for details and delivery information. Other parties are planned in January for Dixon Hospital and local nursing homes.

Mrs. Bradtke, Jr. Girls Unit chairman, advised that membership is open in the unit and urged all members with eligible daughters and granddaughters to secure an application card and register them for membership.

A first place winning plaque was presented to the Auxiliary by Mrs. John Churilla, Keep America Beautiful chairman, which she had received at the recent State Convention.

As National Home Chairman, Mrs. Robert Sampson, advised she would continue to remember the children at the VFW National Home in Eaton Rapids, Michigan with birthday cards and small gifts and stated that life memberships in the Home are available for $25. Mrs. Sampson is also compiling a report on US Bond purchases and would appreciate this information from members. No names are necessary, only the amount of purchases are needed.

Mrs. Bob Robert, chaplain, announced the names of members hospitalized and bereaved, and asked that she be informed of instances where members are ill, so that she might remember them with cards, gifts and visitations.

At the recent business meeting of the Ladies Auxiliary to Ehinger Bros. Post 8141, Calumet City, Commander Eugene Ratajczak was present to extend an appeal to members to assist in selling tickets for the Clem Ehinger Honor Night to take place at post headquarters, 664 Hirsch Street, Aug. 5, and for the Rapid City Benefit Dance to assist flood victims, to be held in Chicago Heights at the VFW Post located at 80 Illinois Street, on July 29.

Members agreed to assist on these two projects and a donation of $25 was voted by the Auxiliary for the Disaster Fund to assist victims of the recent floods. An appeal is being made by the National VFW organization to all local posts and auxiliaries to aid these unfortunate victims.

Mrs. Paul Bradtke, Blood Donor chairman, stated the next blood bank would be held at the Lansing VFW Post on Sept. 7 from 5 to 7:30 p.m. and urged members wishing to donate blood or join the blood bank and have their families covered, to contact her for forms, application and further information.

Mrs. John P. Churilla, hospital chairman, stated a party had been set up for Manteno State Hospital, Manteno, Illinois for Oct. 8 and members are urged to collect and donate clothing, current magazines and eyeglasses. The public is urged to participate in this worthwhile enterprize also and may contact Mrs. Churilla, 862-1462 or co-chairman, Mrs. Jane Koniarski, 862-9457, for details and delivery information. Other parties are planned in January for Dixon Hospital and local nursing homes.

Mrs. Bradtke, Jr. Girls Unit chairman, advised that membership is open in the unit and urged all members with eligible daughters and granddaughters to secure an application card and register them for membership.

A first place winning plaque was presented to the Auxiliary by Mrs. John Churilla, Keep America Beautiful chairman, which she had received at the recent State Convention.

As National Home Chairman, Mrs. Robert Sampson, advised she would continue to remember the children at the VFW National Home in Eaton Rapids, Michigan with birthday cards and small gifts and stated that life memberships in the Home are available for $25. Mrs. Sampson is also compiling a report on US Bond purchases and would appreciate this information from members. No names are necessary, only the amount of purchases are needed.

Mrs. Bob Robert, chaplain, announced the names of members hospitalized and bereaved, and asked that she be informed of instances where members are ill, so that she might remember them with cards, gifts and visitations.

A membership report was given by Mrs. Churilla, asking the help of all members in collecting 1973 dues and stating that, as an incentive for early payment, free raffles would be held at socials and business meetings to which 1973 paid up members would be entitled to participate. Any members remitting dues prior to Nov. 30 will also save $1 as dues are to be increased on Dec. 1 to cover increased cost of supplies and increase per capita taxes from the State. Dues will continue to include the $2.50 cancer insurance and participation in the blood bank, if the member donates or has someone donate for her. Mrs. Edwin Novak, treasurer, will be membership co-chairman stated Mrs. Churilla.

The drawing for the evening was won by Mrs. James King of Lansing.

The next business meeting will be held Aug. 9 at post headquarters at 8 p.m.

Have Your Medicare Card Always On Hand

Persons insured under Medicare should always have their red, white, and blue Medicare cards readily available, William Rednour, Jr., Manager of the Hammond Social Security District, stated.

This card must be presented to hospital admitting authorities in case of hospitalization. It is equally important to have the card to make a claim under Part B for reimbursement of doctor bills.

The name, Medicare number, and coverage should be correct on the card, Rednour emphasized. Errors on the Medicare card should be reported to the nearest social security office where the correct information can be verified and a corrected card issued.

In case a Medicare card is lost or misplaced, a duplicate card can be obtained by contacting the nearest social security office. There is no charge for a duplicate card. It does take a few weeks to get one.

Rednour says the district office gets frequent phone calls from hospitals, carriers, and doctor's offices asking for claim numbers. The office will furnish the information, but it is time consuming. If each Medicare beneficiary keeps his card available, claims could be processed more rapidly.

Your Guide To Better Living

4 Builders Offer 12 Models In Northgate, In Dyer, Indiana

Out of the spring comes summer splendor and your future in a Northgate home. Northgate, closely proximate to the Illinois state line, is a Dyer, Indiana community of 260 acres and approximately 600 homesites carefully, cooperatively, and yes, even lovingly, developed by individual home builders. Gateway Homes Rice Steinhaus Homes, Aurich Sipes Builders, and Builders Fair, through this collective structure, are thus able to offer to the home buyer the finest blend of stylized homes that can be found in any one community.

Rice-Steinhaus are featuring a modern split-level, the "Briarwood", that can be built with or without attached garage, and if expandable living is a preference, look for the "Highlander", a raised ranch in which the all-important formal dining area has been reinstated.

Joy is a many faceted prize, but what can be more all encompassing for the entire family than a truly fine boost in living right now? Two contemporary homes featured by Gateway Builders are the "Modern" and the "Deluxe", both of which incorporate lower level two-car garages and formal dining.

Spacious in all the right places are ranch homes and tri-levels pridefully constructed by Aurich-Sipes, Inc. We reiterate that these homes, the "Prescott" and the "Sierra", which are ranches, and the "Wyandot", a tri-level, diversify life-styles through alternate floor plans, formal dining els or convenient kitchens, and optional full basements.

Take just a minute to perceive the scope of Northgate's real and intrinsic values. This is no tract development, but a magnificent park of scenically sited homes on lots 60 to 80 feet. A number of larger and quite beautiful lots are available in a setting sprinkled with lovely, privacy-lending cul de sacs.

Look for a complete community, a community accessible to the Calumet Expressway, a community with a new elementary school, a 23 acre recreational park, a growing shopping center and nearby supermarkets. Although it is only seven minutes from Munster and Highland, and fifteen minutes from River Oaks or Hammond, the stars come out at night in Northgate, and you can see them.

Take Calumet expressway south to Indiana turn off to Calumet Ave., south to 213 Street in Dyer. Turn left 3 blocks to Madison Ave., turn north on Madison 2 blocks to Northgate.

Your Guide To Better Living

Convenience Lures Buyers To Pasquinelli's Lansing Green

With 16 years of building solid brick homes under their belt, Pasquinelli Construction Company continues to provide buyers with well-located communities offering every amenity for today's living.

The latest Pasquinnelli-built community is Lansing Green, an attractive area at 191st and Burnham In Lansing, offering quality homes in an established community.

According to Bruno Pasquinelli, president of the building firm, "Lansing is a unique area. It has all the facilities for fine living right now, yet it is relatively uncrowded. Buyers in Lansing Green will discover the convenience of a parochial school and church right across the street. The Nathan Hale elementary school is nearby, too, along with Lansing Memorial Junior High, and Thornton Fractional South High School. There's even a junior college and three private parochial schools in the vicinity.

"Other conveniences include 22 churches. Major shopping centers are within five minutes and include River Oaks and downtown Lansing. Being close to transportation helps Lansing Green, too," he declares. The area is close to the Kingery, Calumet Expy., Tri-State and other major roads. Commuters will appreciate Illinois Central South Shore trains and Safeway bus line service. It is only 45 minutes to Midway Airport.

"Recreation," says Pasquinelli, "has to be important, particularly during the warm summer months. Lansing Green is only a few minutes from the Lan-Oak swim pool, forest preserves, riding, fishing, tennis and public golf courses. There are many fine restaurants in the vicinity, a roller skating rink, bowling lanes and a movie theatre. Lansing also has a park system and public library."

Lansing Green brick homes are priced from $27,490 and include large homesites with 70-ft. minimum frontage.

Homes offer such features as formal dining room; tile bath with formica vanity; family kitchens with eating areas, formica counters and double bowl sinks; oak floors; wood windows; basements; protective 2-ft. overhangs; paved concrete driveways; and optional finished family rooms and lower level; attached two-car garages are also optional. All improvements are in and paid for by the builder, including overhead sewers, Chicago water, streets and curbs.

A leading seller at Lansing Green is the "Maple," a good-looking 3-bedroom brick bi-level. Its appeal includes such features as a big living room with abundant wall space, and a formal dining room. The kitchen offers such things as ample kitchen cabinets for easy storage, along with carefree tile flooring. On the upper level are three good-size bedrooms, and lots of closets space. On the lower level are found a utility room and a large, finished paneled family room and second bath which are available optionally. The Maple is priced at $27,490.

To get to Lansing Green, take the Kingery Expy. (I-94) to Torrence Ave., south on Torrence to 186th St., east to Burnham or Wentworth, then south to 191st St. and Lansing Green. Models can be inspected 7 days from 12 to 8.

LIFE DECISIONS...

"With the children grown and away at college, maintaining a $45,000 home with 2,400 square feet of living space doesn't make much sense. My wife and I love the privacy and the land, that's all . . . we rattle around in the rest of it!" More and more couples are discovering that "place in the woods!" . . .a world of rolling hills and mighty oaks apart from all noise and pressure. You won't believe it until you visit in person! Open 12 noon to 6 daily and Sunday. 219-838-5820 and 219-322-4142.

House Hunter's Guide

RAISING THE ROOF

Whether you're in the market for a new primary home for comfortable everyday living, or a second home just for leisure-time fun, raising the right roof should be one of your most important considerations.

Why? Because the roof you raise will not only be your new home's main defense against the elements, it will also have a lot to do with its vulnerability to fire.

With that in mind, here are some things you should know about roofing materials, to help you put a ceiling on possible hazards:

Asphalt Shingles. The most popular type of roofing, these come in a wide variety of colors and shapes and offer years of good service. Conventional asphalt shingles are made with an organic base, are rated Class C by Underwriters' Laboratories, and provide only basic protection against light fire exposure.

Wood Shingles and Shakes. Though beautiful, cedar shingles and shakes are not fire-resistant, which is why some cities no longer permit them to be used unless they are chemically treated.

Slate and Tile Shingles. Both slate and tile shingles are good-looking and long-lasting. Their Class A fire rating means protection against severe fire exposure. They weigh a lot, however, and a home must be very sturdy to bear their weight.

Asbestos Cement Shingles. These Class A shingles are strong, durable and fire-resistant, cost less and weigh less than slate or tile, but cost more and weigh more than fiber glass shingles.

Fiber Glass Shingles. Considered by many to be the

best roofing material, fiber glass shingles have all of the attributes but none of the drawbacks of slate, tile and asbestos cement.

How can you be sure a roofer is qualified to raise the roof of your choice? Ask him to show you some of the jobs he's done, and talk to some of his customers. If they're satisfied with his workmanship and service, chances are you will be, too.

June Winners Selected

National Homes Construction Corporation today announced the June winners of their Beautiful Lawn Contest.

In Bel Aire, located at 223rd and Torrence Avenue in Sauk Village, project manager Chuck Holle declared Mr. and Mrs. Dennis Johnson, Mr. and Mrs. Derek Chadwick, Mr. and Mrs. Kenneth Touvelle, Mr. and Mrs. Richard Setmeyer and Mr. and Mrs. Roy Coleman the winners.

Dale A. Bernard, project manager of Richton Hills, located at 4400 W. Sauk Trail declared Mr. and Mrs. Michael Paske, Mr. and Mrs. Fred Barczykowski, Mr. and Mrs. Robert Eggert, Mr. and Mrs. John Kossak and Mr. and Mrs. John Johnson the winners.

Each winner received a free gift (approximate value $100) and a bag of fertilizer. They now become eligible for the grand winner to be chosen in October.

Pheasant Ridge In Harmony With 237 Quartet Homes In Mokena

Geared to today's young families interested in home ownership on a budget is Pheasant Ridge, a new community of 237 Quartet Homes, announced for Mokena in the growing southwest suburban area by Michael Howard of Hillcrest Builders. Pheasant Ridge is located at 196th St., three blocks west of Wolf Rd.

Plans call for a variety of four exterior designs including Colonial and contemporary models. Each Quartet Home will consist of four residences under a single roof, designed as a single home in appearance.

Features will include two and three bedroom designs, air conditioning, appliances, with oven, range and dishwasher; carpeting and attached garage, all included in the purchase price.

Facilities at Pheasant Ridge include a Catholic school directly across the street with a public grade school within a block, and Rock Island commuter trains within three blocks. It is also near the I-80 interchange at Mannheim Rd., and within the village of Mokena.

Two bedroom Quartet Homes in Pheasant Ridge are priced at $18,900 with three bedroom units at $21,900. Terms include as low as 5% down, with 30 year loans available to qualified purchasers.

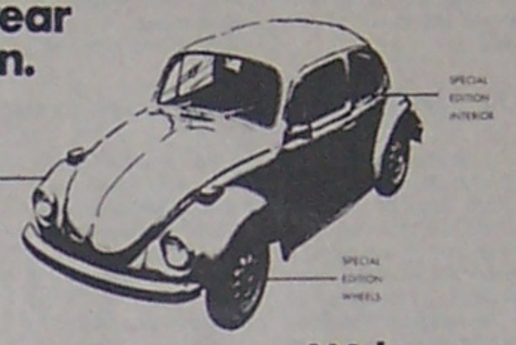
Every year VW's race on the Baja. Every year they win.



We're celebrating with the Baja Champion SE.

Every year VW's race in the Mexican 1000. Over some of the roughest terrain in the world. The Baja Desert. Against all sorts of competition. And the VW's have finished first. Five times, in five consecutive years.

We're celebrating these victories with the Baja Champion SE. A limited production Super Beetle with special features.

- Like silver metallic paint.
- Special sports wheels.
- A special plaque and certificate.

Leatherette interior as standard equipment.

- And the same type of rugged construction and dependability that beat the Baja.

And for all that, it only costs a little more than our regular Super Beetle.

Like we said. The Baja Champion SE is a limited production car. We don't have many. So come in soon. Look over the Special Edition Beetle. And any other VW that catches your eye. They're all made as if they were going to the Baja.

Chicago Poverty Campaign Invests $87,250 in Self-Help Projects

As of July 1, some 13 local self-help projects will receive grants of "seed money," ranging from $150 to $12,000 as their share of funds raised in 1971 by the Bishops' Cam aign for Human Developmer .. The allocations were announced by director of the local campaign, Rev. James F. Meriarty, associate to the comptroller of the Archdiocese of Chicago. One-year contracts are being signed with agencies whose activities attack root causes of poverty, in areas of manpower training and placement, health, social service, inner-city co-op food buying, housing, neighborhood organization, prisoner rehabilitation, and services to the elderly.

The Chicago Archdiocese was first in the nation again last year with contributions totaling $360,000 in this second annual campaign. Out of 38 requests received this year, six of the projects selected for funding represent renewals; the other seven are new to campaign assistance. Approximately half are under Catholic sponsorship; the others are either inter-faith or nondenominational.

The national Campaign for Human Development is under the direction of one of Chicago's Auxiliary Bishops, the Most Reverend Michael R. Dempsey. Bishop Dempsey is director of the Inner-City Apostolate of the Archdiocese and pastor of Our Lady of Lourdes parish at 1444 South Keeler Ave. By terms of the campaign, one fourth of all funds raised remain in the local diocese; the balance goes to projects selected by a national committee. Decisions will be made as to these programs. The actual collection takes place in all Catholic parishes in the nation on a single day, the Sunday before Thanksgiving (Nov. 19, 1972).

A Chicago allocation committee of 17 members set guidelines for the local self-help grants this year, evaluated the 38 applications received, and selected the most promising.

Contracts are signed with the following groups:

BLACK CHRISTIAN STUDENT EMPLOYMENT SERVICE, 720 N. Rush St., $3,600...A summer employment program for 30 high school students in five high school or parish satellite centers with black students helping other black youth in job counseling, summer employment survey, remedial tutoring of younger children, athletics, cultural enrichment, and reclamation of old paper for newsprint by a neighborhood youth corps.

BROTHER SIMON APARTMENTS, INC., 6001-6005 South Prairie Ave., $5,000...a not-for profit corporation under minority direction will renovate 17 apartments to provide both employment and housing for low-income families.

CHICAGO WELFARE RIGHTS ORGANIZATION, 343 S. Dearborn St., $9,000...A city-wide self-help program for people on welfare, unemployed, and underemployed to develop organizing skills that will enable them to solve community problems.

"CON/TACT", 537 S. Dearborn St., $2,500...A program to integrate into the Chicago Metropolitan community convicted offenders, men and women, released from federal, state and local institutions, including compilation of a handbook of community resources and follow-up aid for ex-offenders.

DESPIERTA (WAKE-UP), $10,000...A program to aid young Latin-American drug addicts in distress by instilling mature religious values that will overcome their sense of alienation and their negative attitudes toward themselves and the community.

LAKEVIEW LATIN-AMERICAN COALITION, 3410 N. Sheffield Ave., $5,000...Continuation of a "Concientizacion" program to stir existing community agencies to aid some 32,000 Latin-American adults and children in the Lakeview area with better housing, education, health clinic, services, legal aid and employment.

LATIN AMERICAN TASK FORCE, 731 W. 17th St., $10,000...Increased recruitment and placement of Latin-American and American Indian workers in the construction industry through information and tutoring, development of openings with contractors and labor unions and screening, guidance and supportive services for applicants.

MUNDELEIN MIGRANT WORKER HEALTH CENTER, Mundelein, Ill., $8,000...Continuing provision of nearly 50 percent of all general clinic health care available in Lake County, especially for under-income migrant workers, largely Spanish-speaking.

Scientist Youth To Gather For Meeting

"RECONSTRUCTION: A BETTER SELF — A BETTER WORLD" is the theme of the regional youth meeting to be held in the new Indiana convention center in Indianapolis, July 29 and 30.

Young persons between the ages of 16 and 25 from an eight-state area, including Missouri, West Virginia, Virginia, Michigan, Illinois, Indiana, Ohio, and Kentucky, will be attending the meeting. Ten young people from the Calumet Area are already registered for this meeting.

Organized by students and young working people in the Indianapolis area, the meeting is open to Christian Science youth who have attended Christian Science Sunday School, Christian Science services, and college organizations or informal group meetings.

Co-sponsored by The First Church of Christ, Scientist, in Boston, Mass., the session is one of 17 regional youth meetings being held throughout the world this summer.

The purpose of the meeting is to increase the ability of young people to use prayer in helping to solve personal and community problems, according to Shirley Paulsen, program chairman.

Experienced Christian Scientists will speak on such topics as drugs, the urban crisis, morality, crime, military service, governmental ethics, and women's lib.

Lutheran TV Bid

"This is the Life", the TV production of the Lutheran churches, shown nationally each week, was one of 40 religious shows considered for nomination of a TV "Emmy" award. It was one of four such programs to receive a nomination. It is carried on a weekly basis over 485 stations.

TV Program To Discuss 'Healing'

A television program explaining how three individuals found freedom from limitation will be presented over television station WMAQ-TV, Channel 5, Sunday afternoon, July 30, at 2:30.

The program, produced by the Christian Science Church, will be of interest to everyone because it discusses how an individual was healed of paralysis of over 10 years duration, how a black man overcame racial barriers and became pianist in residence at Rutgers University, and how an ex-convict was led to reform and rehabilitation through the realization of what God can do in times of stress and difficulty.

The program is a color presentation easily understandable and will be of interest to all seeking solutions to social problems of our day.

St. John Changes Confirmation Classes

St. John Lutheran Church of Calumet City is announcing a policy change for adult confirmation classes with restrictions of only one adult instruction class each year, under the present plans.

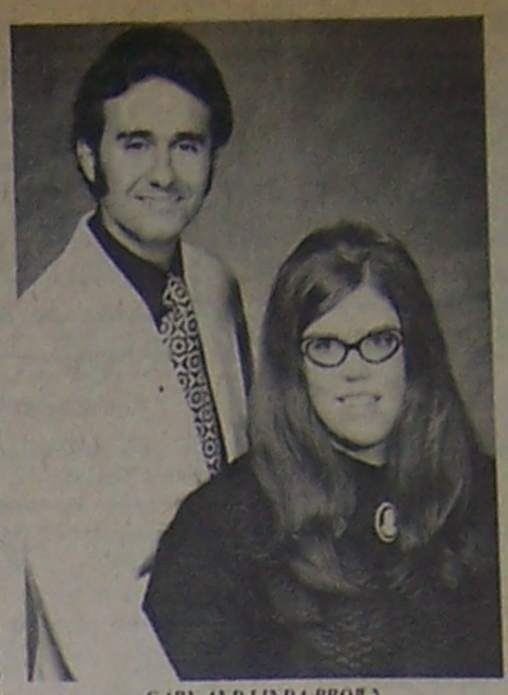
The change came about due to it becoming more and more difficult to complete adult confirmation classes in the spring of the year, much to the inconvenience of members attending classes. Also, Lenten season and spring children's confirmation, plus the growing needs of a growing congregation, require more and more of the pastor's time after the first of the year.

The adult class will be formed in the fall and concluded in February, before the Lenten season begins.

Persons interested in learning the doctrines of the Lutheran faith are urged to participate in this class, the first session to be Sunday, Aug. 27 at 7 p.m.

On this date, a regular day and time will be selected for regular class sessions. One must be 16 years of age by the time the class concludes to be eligible for participation.

Participation in the class does not obligate anyone to join the church but it is necessary for those who wish to do so. Interested persons having questions concerning the class are asked to contact The Rev. Raymond Wessler, pastor.



GARY AND LINDA BROWN

Nazarenes Book Duet

Gary and Linda Brown, one of the finest duet teams in the gospel music field today will appear at the Lansing First Church of the nazarene, 2158 175th St., Lansing. Their first appearance will be Saturday, Aug. 5 at 7:45 p.m. They will also perform at the Aug. 6 Sunday morning service at 10:35 o'clock.

After traveling for several years with quartets, the Browns felt the call of God to evangelize as a husband-wife team. Though young, they are veterans in the field of Evangelism, having sung in every part of the United States and Canada.

Linda, the pianist, is considered one of the finest in gospel music. She is also an accomplished song writer. Her husband, Gary, sings with the love of Christ shining through each song. Their whole program is enthusiasm for a Christ that has changed their lives completely.

St. Ann Picnic

St. Ann Church of Lansing will have its annual parish picnic Sunday, Aug. 6 at the Knights of Columbus grounds in Lansing.

The day will begin with a procession and outdoor mass at 1 p.m. and last until dusk.

A full day is planned with games, contests and prizes for adults and children.

Hot dogs, sausage and saurkraut, ice cream, pop and liquid refreshments will be available. Door prizes will be awarded throughout the day.

Teen Singers To Perform In Lansing

A teenage singing group, "The Lake Ridge Four, will perform at the Lansing Church of the Nazarene Sunday, July 30 at 7 p.m.

A welcome is extended to anyone interested in gospel singing and youth of today. The church is located at 2158 175th St., Lansing.

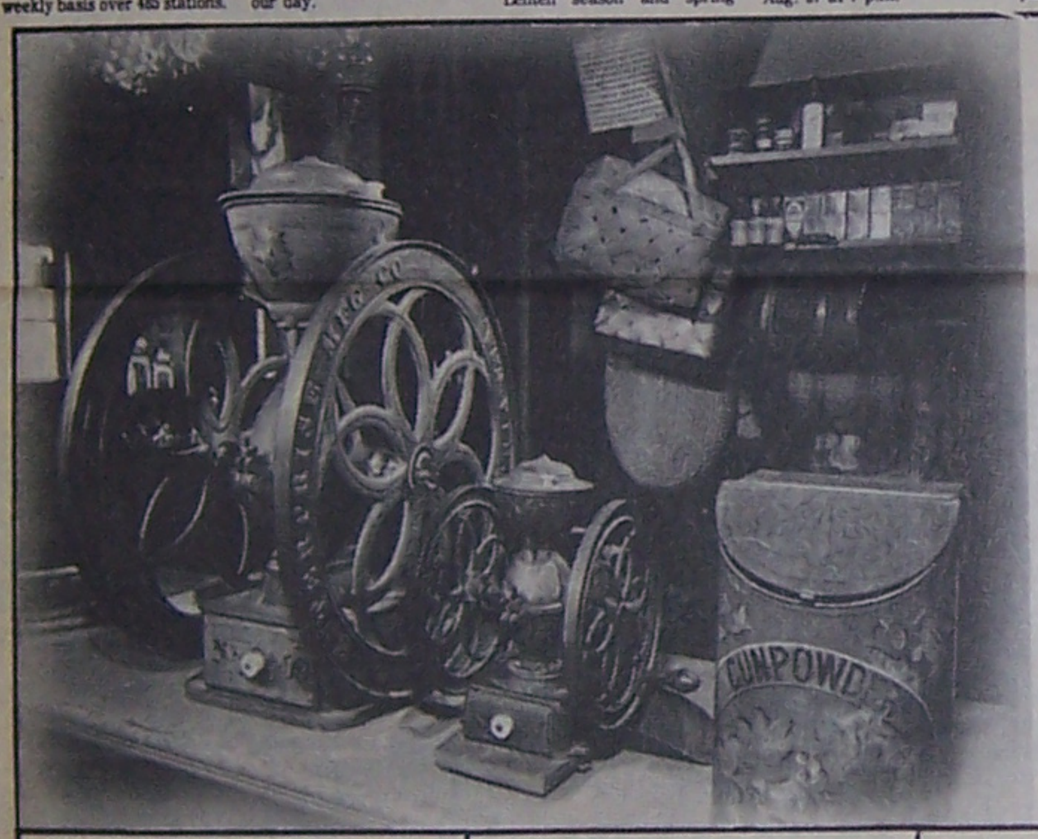
OLK Men To Head Bingo, Beginning In September

Members of the Holy Name Society of Our Lady of Knock Church, Calumet City, will begin bingo parties in the church in mid-September.

First meeting for the project took place July 13 and another session was held July 27.

For the bingo program to function smoothly, a team of 40 men will be needed, 10 of whom would be licensed and bonded by the state as "head operators."

The society is also asking for women volunteers to aid the program.



COFFEE, TEA AND CORNPLASTERS

There aren't many of us left who remember Sixbey's General Store. It was more than a store; it was a gathering place, a news bureau, a bright spot in a boy's summer afternoon.

You would come in from the hot dusty street, and the shaded store was cool. Immediately you encountered a tantalizing blend of scents—apples, licorice, spices and smoked ham. Grown-up conversation enhanced your feeling of excitement as they viewed and reviewed town happenings. You always took a long time to decide between a chocolate or a lemon drop, so that this exciting visit could be prolonged.

Our town has changed since then. For those of us whose memories linger in Sixbey's Store, it hardly seems the same place.

Yet one thing's the same. At the corner of Elm and Main, St. Mark's steeple still points skyward. Man's need for God never changes. And the Church remains constant as it teaches the truths of God's love and presence.
