When to call the fire department

By R. J. SCHAUER JR.
LANSING FIRECHIEF

This is Article No. 5 in this series of Fire Prevention. While this portion of our discussion may seem simple "horse sense", statistics show improper action causes many deaths and property losses.

Not long ago in a western state, a man in his 70's sat at his telephone and burned to death after reporting that his home was on fire. It was later learned from a close relative that thru some terrible misunderstanding, the man thought he was supposed to remain by his phone until firemen arrived in case the department needed to call him back for directions. In a small city in the middle west, an elderly lady's three-room home burned to the ground while she attempted to put out the fire with her garden hose. She later said, "I didn't think you were supposed to call the firemen unless you found you were unable to put the fire out yourself."

Most everyone has heard the hard-to believe report about the lady who called the fire department and said, "come quick, my house is on fire", and then hung up the phone before giving her address. She watched helplessly as her home was destroyed by the fire, waiting for firemen to come who did not know her location.

Most children know better than to make mistakes these adults made. Yet, things like this frequently happen across the country. It shows clearly that fire prevention and safety measures concerning fire should be discussed at regular intervals by everyone, especially family members.

What is the first thing to do when a fire is discovered in your home?

Get yourself and other members of the family outside first and fast. If the fire has obviously gotten a good start, no matter how confined it might be at the moment, do not attempt to call the fire department from your own home! Once the family is safely outside and away from the dwelling, go to a neighbor's home and call the fire department. If you live in an area where neighbors are not close by, and you feel going to a nearby home is a loss of time, use your own phone, "only", if you can do so safely and then, "only", after the family is removed from the premises. Remember, while the loss of your home is no small matter, the house can be replaced; you and your family cannot. Once the family is safely outside, do not attempt to return to the house to carry out things you feel are precious. While the home may not be completely engulfed by the flames, the extreme heat creates gasses and smoke that are just as deadly as dying from severe burns.

When the fire department has been notified and your address given to them, do not hang up the phone until the person at the fire department has the right address. It is helpful to post a member of the family in front of the building to direct the firemen when they are close at hand.

Beware of being tempted to remove items you want to save from the garage, carport, or out-buildings. You have no way of knowing how extensively the fire has weakened your home and there is a danger of collapsing walls, chimneys, and floors. There are only two logical reasons to return to a burning home: to call out a child or assist an invalid or someone who has been injured. There is nothing else worth risking your life for; not even the family pet. You and your youngsters should memorize the Lansing Fire Department's phone number: 474-2121. In your "family fire drills", which we discussed in Article No. 2, it will be beneficial to go over these procedures with all members of the family so that in case one of the adults are injured, or away at the time of the fire, the entire family will know how to procede. When there is a fire, fast action is necessary. Train the children so there will be no panic; no reason for misunderstanding.

Next week's subject: Carelessness and how it causes fires.

Seeking 7% contribution

'171' takes action

District 171's Board of Education has authorized their attorney, Darryl Lem, to institute a suit in mandamus against the Village of Lansing, Mayor Jack O. McNary, the Village clerk, trustees and the Plan Commission members to enforce the Subdivision Control Ordinance providing for the 7 per cent builder contribution.

Board members had decided at their last meeting to give the Lansing Village Board until April 11 to collect the contributions allegedly due.

Mayor McNary had originally given the builders until April 1 to make their contributions, but all contributions allegedly were not collected. When contacted by the Sun-Journal, he said, "we have not been notified yet of the suit."

The Village board passed the builder contribution ordinance in December 1972, as a means for providing a donation of land or money from developers of subdivided land, to be used by District 171, 158 and the park district.

Builders claim the ordinance is unconstitutional. Attorney Darryl Lem told the board that recently a California higher court found a similar ordinance to be constitutional.

Several months ago, District 171 set up a suggested guideline for builder contributions:

"In order to provide an acceptable elementary education in School District #171, and in order to solve problems created by an exceptionally high growth rate, the Board requests that future developers in Lansing and Lynwood contribute the following to the School District:

1. One acre of land for each 100 children or part thereof anticipated from the development. In arriving at the number of anticipated children, District #171's experience in number of children per type unit should be used. Where the District has no previous experience, similar developments in other areas will be used.

Donated land should contain a minimum of (3) three buildable acres as determined by soil testing procedures agreeable with District #171. If the developer is anticipated to have less than 400 children (i.e. less than (5) five acres requested) then the cash equivalent of the land at the current market rate is requested.

2. A cash donation of $100 per bedroom for each unit having (2) two or more bedrooms.

The present experience in number of children per unit in District #171 is 1.28 children/ unit in (3) three bedroom houses. Experience from comparable developments are used for the following: 1.21 children/ unit in (3) three bedroom townhouses and apartments; 0.15 children/ unit in (2) two bedroom townhouses and apartments; and 1.10 children/ unit in (1) one bedroom apartments. These figures will be updated periodically.

A development is only as good as the schools that are provided for the children. Builders' contributions are needed in order to provide adequate schools for our children."

In other action, the Board of Education of Sunnybrook School District #171 re-elected Mr. Albert Langmeyer as President and Mr. Robert Webb as Secretary.

Mrs. Marcella Warfel was retained as I.M.R.F. representative and Mr. Darryl Lem was retained as the School Board attorney.

The Board voted to hold its regular meetings at 7:30 p.m. on the second Wednesday of each month at the Nathan Hale School.

After Sunnybrook School's principal, Mr. Raymond Owens, discussed the difference between Middle School and Junior High programs, the Board voted to proceed with the development of a Middle School program for the proposed new building which is planned to be constructed on the new Burnham Avenue site. During the program development phase for a 6th-8th grade Middle School, the faculty and community would be involved and informed. Mr. Owens stated that the faculty supports and recommends the Middle School program.

Final action authorized the submission of a Gifted Project for 1973-74. These projects receive approximately a 75% reimbursement from the State of Illinois.

'After Easter Hunt' scheduled

For the first time in 25 years the Easter Bunny got too much rain and mud on his tail and was unable to make delivery at the Lansing Parks. So the Lan-Oak Park District is holding their 1st Annual After Easter Egg Hunt on Saturday, April 28 starting at 10:00 a.m.

Nine parks have again been selected where children up to 10 years of age will hunt for thousands of selected "Goodies". They are Kiwanis, Schultz, Lan-Oak, Veteran's, Oakwood, Lion's, Potts, Winterhoff and Gus Bock.

Toddlers will be given a head start in order to get their fair share of treats. At Gus Bock Park, only Pre-Schoolers under 5 years of age will be admitted.

In conjunction with "school bus safety week," April 23-27, Carol Leyba is the 193rd driver to have completed the defensive driver course sponsored by Kickert Bus Lines and the Illinois State Police. Shown with Carol are Trooper Daniel Wicklund and Bill Messmaker, president of Kickert School Bus Lines, Inc.

George wins awards

George Sullivan, a junior at Thornton Fractional South, won top awards at two science fairs this month at the Illinois Junior Academy of Science held at the Illinois Institute of Technology in Chicago.

In the paper sessions George won first place with his project titled "A Study of Crown Gall." He won an outstanding first which enabled him to go to the 1973 State Exposition at the University of Illinois next month.

In the Calumet Regional Science Fair he won the top award, which was a trip to San Diego, Calif. for the International Science and Engineering Fair, also next month.

George also won the Gyte Memorial Scholarship award, the American Society for Microbiology award and the Indiana Veterinary Medical award, which includes a plaque to be given to TF South.

George was also named volunteer of the year for St. Margaret Hospital. He is the son of Mr. and Mrs. Clyde Sullivan, 3307 No. Schultz Dr.

Airman Postelmans has been assigned to a unit of the Air Force Security Service for further training and duty as a vehicle operator.

He attended T.F. South High School.

Lansing Post Office sets special week

Postmaster George L. McNamara announced plans today for "Postal Week" to be celebrated here April 29 through May 5.

On April 29, the Lansing Post Office will highlight this observance with activities that dramatize the important roles performed by Postal People as they move the mails.

Postmaster General E.T. Klassen said the Postal Week observances are "an appropriate occasion for recognition of the vital responsibilities assigned to the mail service and a valid time to take stock of the challenges which must be jointly met by postal people and by the millions of citizens throughout America who depend upon the mail as an essential part of their personal and business lives".

As part of the observance, the Lansing Post Office will join with the nation's 31,000 other post offices in issuing 10 special stamps honoring postal employees.

The Lansing Post Office will mark the occasion with special Fist-Day-of-Issue observances, simultaneous with similar ceremonies to be held in Washington by Postmaster General E.T. Klassen.

Ten new Postal People stamps will be placed on sale here in conjunction with the local observance.

The attractive new stamps - the first such comprehensive set specifically honoring postal people - will be on sale at the Main Post Office.

"As the Postmaster General said in his message, we need the 'informed understanding, cooperation and support' of every citizen. I think that we have this to an exceptional degree in Lansing, and part of the purpose of Postal Week will be to show our appreciation," Postmaster McNamara said.

St. Ann School names junior honor roll

Mrs. Ruth Meisterling, principal, recently announced the Junior High Honor Roll for 1972-73 at St. Ann School.

The eighth grade "A" honor roll included Ellen Anhalt, Nancy Arnston, Ken Cassity, Michelle Feldner, Mike Gismondi, Maura Jonassen, Tim Ketchmark, Lisa Kieres, Eric Krull, Rick Michalak, Alice Moeller, Tim Nosal, Genie Nowakowski, Donna Oleksy, Marilyn Reppa, Tom Sebahar, and Philip Trebs.

Achieving "B" honor roll status were Mary Bottos, Connie Cronin, Fran Fotschky, Steve Fus, Nancy Giannantonio, Margaret Jarasius, Bill Kelly, Diane Kranc, Mary Beth Lindskog and Susie McNamara. Also Rita Mills, Laurie Moleski, Karen Olivi, Robert Padjen, Carrie Pelc, Debbie Peppers, Paul Pienkowski, Sharon Rosati, Rick Seymour, Diane Sinkus, and Dan Slobig.

"A" honor roll students in the seventh grade were Karen Bojda, Peter Chmura, Gigi Czechanski, Julie Kelly, Cindy Ketchmark, Nancy Kiester, Karen Kuhel, Teresa Matulevicz, Margie Rea, Linda Stanislowski, Marcia Stein, Allan Surdell, and Pam Thielen.

Seventh grade "B" honor roll students were Mary Lou Aloe, Kim Baumgardner, Nancy Carbone, Kevin Clark, Greg Cummins, Janet Del Rio, Carol Drewno, Linda Fus, Sue Guthrie, Beth Jonassen, Kathy Klen, Andrea Kmak, Tom Lauer, Ralph Martinez, Nancy Moeller, Paul Proodzinski, Gary Seida, and Kathy Slobig.

The most recent honor roll at T.F. South High School contained the names of many graduates of St. Ann School. Most impressive of the statistics is the fact that nearly half (45%) of the freshman straight A honor roll are St. Ann alumni.

Overall, St. Ann's grads make up 16.6% of the student body at South, while they control 22.3% of the honor roll. Finally, one fourth of the St. Ann graduates who attend T.F. South made the honor roll during the last grading period.

Prayer approved in school

A group of Mohonasen High School students in Rotterdam, N.Y., has started voluntary morning prayer meetings.

Despite an opinion from the school board attorney that the action would be struck down if it went into court, the Mohonasen Board of Education, by a vote of 4 to 2, endorsed the silent prayer sessions.

Talisman wins trophy

The literary magazine of Thornridge High School, Talisman, has won, for the second year in a row, the coveted All American Award, a traveling trophy by the South Suburban Publications League. The league is sponsored by the National Scholastic Press Association, and the award was presented on March 29, at Thornton High School.

When asked how points were accumulated for the trophy, Mr. Chet Chylinski, sponsor of Talisman, said that points were based upon the following: layout, balance of materials, photography, and appearance.

Band tours state

The Thornton Fractional South Varsity Band has had a busy two weeks beginning with their annual tour, April 4 and 5. This year the band members were the guests of MacMurray College in Jacksonville, Illinois. Mike Wallace, a former South band member set up the tour which included performances at the School for the Blind, a State Hospital, and Routt High School.

The band returned by way of Springfield, Illinois, where they visited Abe Lincoln's home, museum, and had a two hour stopover at the village of New Salem.

Upon their return to Lansing the band concentrated upon the State Band Contest which was held on Saturday, April 14 at Reavis High School in Burbank. At the contest the band received a Superior rating and returned to South to complete work on the Baton Twirling Contest which they were sponsoring that same day. Proceeds from this contest are earmarked for the band's uniform debt which is gradually being paid off.

The band's next appearance will be at the Good Neighbor Parade in Lansing on May 5.

Jack Wonnell, director of music at South says that this year's band is among the best of all the bands he has directed in his 26 years in the district. He was especially proud of their sight-reading performance at the Contest.

Diocesan women's luncheon

Penny Pinching Pointers about purchasing meat

Learn to use less tender cuts.

The tender cuts cook faster and easier and for that reason are more in demand, hence more expensive. Properly prepared, the tougher cuts are just as tasty and nutritious. The time you take to fix these cuts will save you money.

Remember meat alternatives.

Eggs and cheese contain a higher order of animal protein. And, when dry beans, peas, lentils, nuts, peanut butter and enriched grain products are combined with milk, cheese or small amounts of meat, you can stretch your budget, yet still supply your family's nutritional needs.

NIPSCO promotes Raymond Swanson

Raymond E. Swanson, Calumet City, has been promoted to assistant general line supervisor, and Philip D. Klein, Hammond, to electric crew supervisor in Northern Indiana Public Service Company's Hammond district, John E. Nickoloff, Calumet division manager, has announced.

Swanson reports to William E. Coil, general line supervisor.

Born in Chicago, Swanson graduated from Bowen High School. He served in the Air Force during World War II, receiving his discharge as a corporal.

He started with NIPSCO in 1947 as a groundman and later that year moved up to apprentice lineman. He was named lineman in 1951 and was promoted to electric crew supervisor in 1966.

He is a member of the Chicago Knights of Pythias, Lansing Sportsman's Club and Harvey Presbyterian Church.

He and his wife, Marie, have a son, John, 20.

Klein also reports to William E. Coil.

Born in Hammond, Klein graduated from St. Bede High School, Peru, Illinois. He served in the Army for two years and was discharged as a specialist third class.

He started with NIPSCO in 1954 as a groundman. He took military leave in 1955 and returned in 1957 as an apprentice lineman. He was promoted to lineman in 1969.

Klein is the father of two children, Barbara Whitfield, 19, and Philip, 20, and has two grandchildren.

Carol awarded

Dr. Lloyd H. Ahlem, President of North Park College, Chicago, has announced the awarding of a Freshman Scholarship to Carol Jean Benson, (daughter) of Mr. and Mrs. Walter Benson, and a student at Thornton Fractional South high school. The award is based on her academic achievement in high school, tested aptitude for college work and recommendations from school officials and other acquaintances. In addition to a monetary award, Carol is eligible for participation in the Honors Program of the College.

All are students at St. Ann's.

TROJAN TALK

By Paula Anderson

Mr. Al Gaesla, industrial arts teacher was recognized with The Meritorious Teaching Award. He was recognized in view of outstanding qualifications and such factors as professional preparation and attitude, interest in the community school relationship. The Industrial Education Association is the sponsor of this award.

William Blosky has been chosen to represent Indiana in the Honors Program of Foreign Languages for high school students. He will be traveling to Mexico in the early summer and staying until August. Daily activities included in Bill's day will consist of a special Spanish school that he must attend 5 hours a day and a various number of field trips around Mexico.

Cheerleading tryouts have been held April 10 through April 13. Varsity cheerleaders that have been chosen include Kathy Gargano, Gail Goodwine, Nancy Kouris, Pat Leyden, and captain Chris Zdanky. The junior varsity consists of Gina Gamaleri, Janice Imes, Susie Justak, Sara Russum, Tami Valiska, and captain Janet Barr.

Majorette tryouts have also been held. Next year's majorettes include Cindy Bartolac, Sue Beans, Diane Bell, Bonnie Breger, Hedi Brown, Sue Franchimont, Carol Gilbert, Maureen Haber, Linda Hilbrick, and Janet Hitt. Also selected were Claudia Kluga, Barb Krecker, Karen Kasza, Robin Lessard, Nancy Logan, Mary Mikula, Laura Milligan, Linda Milligan, Denise Mitseff, Nancy Morris, Mary Pollitz, Jean Spisak, Lyn Tompson, LuAnn Waldrop, and Kim Wells. Completing the group are Cindy Windelman, Jeanie Remlinger, and Lyn Tompson, captain.

Ehinger VFW Auxiliary seeking new members

New members added to roster of the Ladies Auxiliary to Ehinger Bros. VFW Post 8141, Calumet Calumet City, at the regular business meeting recently, were Ruth Schwartzkopf, Mrs. Leonard Williams and Mrs. Dennis Arnold. This brings the total membership to 354, just nine short of the goal of 363. The 100% of 328 members based on last year's figures, was reached some time ago, but the "quota plus" figure of 35 additional members, makes it necessary to reach a membership of 363 in order to win this award for the Auxiliary.

Mrs. Ben Richter, auxiliary president and Mrs. John P. Churilla, membership chairman are asking members to contact possible applicants who meet the eligibility requirements, and especially invite the wives, sisters, and mothers of post members, who are not already auxiliary members, to join the organization. Any woman who feels they are elibible and would like to join this group of women dedicated to aiding the veterans, community service work of all kinds, hospital work, youth activities of various types; and occasional social get-togethers, are asked to call Mrs. Churilla at 862-1462 or write her at 1688 State Line, Calumet City, Illinois for further information.

Membership in the Auxiliary enables the member to belong to the 16th District Blood Bank program, which by a one-time donation the entire family is covered; there is excellent cancer insurance included with the dues of $7.00 per year, and there are many fringe benefits such as a Children's Christmas Party and a family summer picnic.

District '158' slates adventures in learning

"Adventures in Learning," the 1973 Summer School program presented by School District 158 has been expanded again this year to include three additional course offerings at the junior high level. Students should be encouraged to enroll in Summer School so that they may broaden and enrich their total learning experience. They will also further develop academic skills and knowledge and gain a positive attitude toward their entire academic career. Assignments are flexible and class changes will be made if necessary. Class sizes will be considerably smaller than those during the regular school year.

All pupils with a September, 1973 placement of first through eighth grades, who reside within School District 158 boundaries, will be eligible for enrollment. Eighth grade students presently enrolled in school are ineligible.

Classes will be held from 9:00 a.m. - 12:00 p.m., June 11 through July 20, with the exception of July 4.

Registration will be held at every school in District 158, from April 30 through May 25, 1973. All children should register at the public school attendance area in which they reside.

There will be no tuition charged for the summer session. However, there will be a materials fee charged of $5.00 per student, which will include cost of all field trips and materials. Refunds will be made if a class is cancelled due to insufficient enrollment. Make checks payable to: Board of Education District 158.

Due to State Aid reimbursement requirements, students must be enrolled the entire morning session. They may choose one full three hour course, or two courses of one and a half hours each. Parents are requested not to enroll a child unless he will be in full attendance for the entire program, with exceptions for illness.

Any student creating a discipline problem will be subject to dismissal from Summer School.

Parents or guardian of a Summer School student will assume all responsibility for the child's participation in supervised field trips and class activities.

Courses offered will be of two general types: A. Enrichment: These courses are designed to enrich or extend the offerings of the regular school year. B. Developmental: Classes in this area are for children whose class work needs improvement, and whose potential is above their present achievement.

The courses offered are:

Post Kindergarten (Developmental) 3 hours, Eisenhower School. To help students who need additional practice in reading, math and social living, to better equip them for first grade. If enrollment warrants, there will be an additional class at Crawl School.

Reading and Math (Developmental) 3 hours. Grades 1-6 will register and attend at ALL elementary schools. Grades 7-8 will register and attend at Memorial Jr. High School. A course designed for students who need review and improvement of both reading and math skills previously taught. Students who have more skills in one subject area than the other will be grouped according to ability.

Special Education (Developmental) 3 hours, Oak Glen School. Parents of children who would benefit from these activities will be contacted by their child's teacher or principal.

Science (Enrichment) 3 hours, Memorial Jr. High School. For grades 7-8. A course to prepare and supplement studies in the biological and physical sciences. Emphasis will be geared toward learning basic scientific skills and concepts in the field and laboratory.

Know Your Community (Enrichment) 1-1/2 hours, Memorial Jr. H.S., for grades 6-8. A geographic, historic and economic overview of our state and local area. Tours will be taken through city facilities, industries, and businesses.

Home Economics (Enrichment) 1-1/2 hours, Memorial Jr. H.S., for girls, grades 7-8. Sewing, cooking and other homemaking skills will be emphasized.

Industrial Arts (Enrichment) 1-1/2 hours, Memorial Jr. H.S., for boys, grades 6-8. A course offered to familiarize boys with tool utilization and general shop work. Each boy will plan and complete one major project.

Art (Enrichment) 1-1/2 hours, Memorial Jr. H.S., for grades 7-8. To improve drawing and painting skills. Field trips to sketch local areas will be taken. Students will be introduced to basic principles of photography, ceramics and print making.

Physical Education - Girls (Enrichment) 1-1/2 hours, Memorial Jr. H.S., for grades 7-8. The following activities will be taught: archery, badminton, bowling, golf, softball, tennis.

Physical Education - Boys (Enrichment) 3 hours, Memorial Jr. H.S., for grades 7-8. The following activities will be taught: badminton, bowling, handball, golf, table tennis, indoor hockey, weight lifting, gymnastics, basketball. One day each will be devoted to participation at a golf driving range and bowling lanes.

Guitar (Enrichment) 1-1/2 hours, Memorial Jr. H.S., for grades 6-8. By learning to play a guitar, which will be provided by the school, a student can experience greater enjoyment of music. The guitar is one of the most popular instruments of our day.

Math (Enrichment) 1-1/2 hours, Memorial Jr. H.S., for grades 7-8. A course in which students will be introduced to math, history, recreational arithmetic, math, games, geometric designs, origami, string geometry, computers, and adding machines. Field trips are planned.

Dramatics (Enrichment) 1-1/2 hours, Memorial Jr. H.S., for grades 6-8. A course for students who wish to develop imagination and creativity through oral expression. Students will engage in dramatization, public speaking and spontaneous dialogue to express ideas and feelings.

Band (Enrichment and Developmental) 1-1/2 hours, Memorial Jr. H.S. A course for students to develop skills and practice concepts previously learned. At least two concerts will be performed. Parents will be contacted directly by the Band Director on details concerning registration.

If there are any questions concerning the Summer School program, please call the District 158 school nearest your home.

At the conclusion of Summer School, Open House will be held for the public so that students may display their Summer School projects and accomplishments.

As a part of the Gifted Program at Coolidge School this year, twenty-eight students have taken part in independent study projects. This program started in November, under the direction of Mrs. Darguzas and Mrs. Stepp and is being concluded this week with a series of three assembly programs for students and parents. Nancy Lear, a sixth grade student at Coolidge, is discussing her independent study project on Textiles.

Janice Matlock participates in the art portion of the Mini-Course Day program initiated at Elizabeth Seton High School recently. This day allows the students to follow their creativity and abilities to learn new data about subjects that they are interested in studying. (SUN photo).

Seton sponsors 'mini course day'

Elizabeth Seton High School was host to over thirty-one representatives from various professions April 17, as the school held its first Mini-Course Day. In addition to the doctors, dentists, photographers, beauticians and secretaries who visited the school in order to explain the demands of their professions to students, regular faculty members taught classes on topics not usually part of the average high school curriculum.

Classes in auto mechanics, chess, needlepoint, film appreciation, crochet, origami and others were offered by the regular faculty members. Several students also instructed classes in areas in which they were particularly talented or experienced. Student Instructed classes included mind yoga, self defense, guitar, and dance.

As a whole the day enabled Seton students to experience many educational opportunities that they would not have experienced during the normal school year. Whether it was learning about a career they were interested in, gaining skill in a craft or broadening their knowlege of a subject with which they were previously unfamiliar, the students greatly benefited from this multi-educational and innovative day.

Mini-Course Day was planned and organized by a committee of eight faculty members. The committee chairmen were Sr. Teresa Marie and Sr. Anita. Other committee members were Ted Moleski, Sr. Mary Kay, Mrs Joanne Meyer, Mrs. Jackie Flaig, Ms. Kathy O'Donell and Sr. Mary Dolores.

In order to allow students to choose the classes that they were most interested in, normal classes were dropped for the day and students were allowed to arrange their own schedules by choosing from the one hundred and sixty-eight classes offered. In this way a student could meet a speech therapist, attend a Shakespearian production by a proffessional touring company, take a class in charm, attend a luncheon at a French Restaurant and spend "A Half Hour with Carl Sandburg" all in one day.

Elizabeth Seton High School girls receive a valuable lesson in auto mechanics during the mini-course day program held recently at the South Holland School. These girls chose this course as just one of the 168 classes available during the day. Working on the auto include left, Lisa Winbush, Patrick Couch, instructor; Mary Therese Clark, Cheryl Bruzga and Sharon Ruth. (SUN photo)

Susan dances in 'Zorba'

S. JACOBSON

Susan L. Jacobson, a freshman from Lansing, has been selected as member for the New Mexico Highlands University spring production of the noted musical, Zorba.

Miss Jacobson will take the role of belly dancer in the university production, said drama director Chris Williams.

The play, based upon Nikos Kazantzakis' book, "Zorba the Greek", is scheduled to open for performances at Highlands May 20 through May 25.

Miss Jacobson is the daughter of Mr. and Mrs. John Jacobson, 2340 East 186th, Lansing.
