Little White House Conference On Education To Be Held In Village

Six School Problems To Be Discussed

An opportunity for the people of Lansing to give their views on school problems and have them heard at the White House will be made available at a "Little White House Conference on Education" to take place in the Memorial Junior High school, Monday evening, June 13.

"Little White House Conferences on Education" are being held throughout the country to enable people to discuss, examine and make recommendations with reference to six basic questions to be studied at the White House November 28-December 1.

George D. Tinkler, president of the Lansing Public School Board has been appointed chairman of the "Little White House Conference on Education" in Lansing.

The questions to be discussed are (1 What should our schools accomplish. (2) In what ways can we organize our school systems more efficiently and economically. (3) What are our school building needs? (4) How can we get enough good teachers and keep them? (5) How can we finance our schools—build and operate them? (6) How can we obtain a continuing public interest in education.

All persons interested in school problems and their solution are urged to attend the Lansing "Little White House Conference" by Lester P. Crawl, superintendent of Lansing Public Schools, so as to aid in the discussion of the six basic questions and make recommendations.

A PROCLAMATION

WHEREAS, with the endorsement of President Eisenhower the period June 6 through June 17, 1955, has been designated as a time for local meetings termed "Little White House Conferences on Education" to be held throughout the country, and

NOW THEREFORE, I, William G. Stratton, Governor of the State of Illinois, do hereby proclaim June 6 through June 17 of the present year as a time for the holding of "Little White House Conferences on Education" throughout Illinois, and commend this movement to the consideration of parents, educators, and our citizens generally.

(Signed) Charles F. Carpentier

Done at the State House this thirteenth day of May in the year of our Lord one thousand nine hundred and fifty-five and of the State of Illinois the one hundred thirty seventh.

Gov. Stratton Backs National Study Effort

Gov. William G. Stratton's proclamation of the period June 6-17 for "Little White House Conferences on Education" is the start of the most thorough look into school problems in Illinois in the state's history, according to Vernon L. Heath, chairman of the state planning committee.

The "Little White House Conferences on Education" in Illinois is part of a nationwide movement started by President Eisenhower in his State of the Union message to Congress last year, when he spoke of the teacher shortages, the crowded classrooms and outdated school buildings.

The President and his committee of top-notch aids have tackled the problem in the traditional American way, to get the people together and talk these problems over. This is the core of the White House Conference Plan.

The plan is to discuss the school problem which has been summarized for study into six questions at "Little White House Conferences" in all communities in the nation.

From these "Little White House Conferences" opinions on the problems will be funneled through township, county and state Pre-White House Conferences to the National Conference in Washington, November 28 through December 1.

"Little White House Conferences" will be held at the county or regional level prior to September 17 and followed by the Illinois State Conference September 29-30.

Vote Sat. On New Addition To Sunnybrook

Four school classrooms plus a gymnasium will be constructed in an addition to the present Sunnybrook school if voters approve the plans of the School Board of District 171 and a $90,000 bond issue to finance the project Saturday.

The Sunnybrook school district lies just south of 186th street. The entire school district has been constituted a single election precinct with the Sunnybrook school designated as the polling place. The polling place will be open from 12 noon until 7 p.m.

The proposed addition to the school will be approximately 89 x 110 feet and is estimated to cost $86,259.90. Foundation will be concrete block, outside walls of face brick backed up with 8" block, flexicore roof, concrete floors with asphalt tile, and hot water heating.

Some $3,700 will be spent if approved by the voters in Saturday's election to remodel the present building, rearrange exits, lay new tile floors, suspend ceiling and put in new windows.

Turner and Turner, architects of Hammond, prepared plans for the new school. Additional classrooms are to be added sometime in the future.

The need for additional classrooms in the district is necessary according to the School Board because of the rapid growth in the number of homes in the district. In 1952 there were 125 homes in the district, today there are some 242 with 75 to 100 more homes to be constructed this year.

Enrollment in the school has grown from 37 pupils in 1946 to 93 in 1954.

Lansing Police Ask Residents For Aid As Burglaries Continue

Burglaries continue in the Schultz Park area of Lansing as another home was reported ransacked early Monday morning by police.

The home of Mr. and Mrs. Elmer Yochem, 3258 ...nn street was broken into and ransacked between 6:30 p.m. Sunday night and 1:30 a.m. Monday morning. Entrance was gained by prying off a screen from a front dining room window with a bar.

Before the culprit or culprits left with a diamond engagement ring as their take they jerked the telephone loose from the wall.

Last week the Journal reported the ransacking of the homes of Robert Pontius, 3425 So. Schultz Drive and Elmer Buskey, 3371 So. Schultz Drive.

To aid in the solution of the recent burglaries in the Schultz Park area Police Chief Edward Van Laningham Wednesday requested that all residents report the presence of any strangers or suspicious persons in the district after dark to the Lansing Police office.

Van Laningham told the Journal that persons making such reports should not feel that if the incident reported does not prove helpful it will be frowned upon by the police department. "Only by tracing every lead will we be able to catch this culprit who has been raising mayhem in the Schultz Park district," said Van Laningham.

School Board Selects Architect For New School

School Board of District 158 has selected the architect firm of Childs and Smith of Chicago to draw preliminary plans for the new public school to be constructed North of the Tri-State expressway.

The action of the School Board of District 158 to construct a grade school in the Gold Coast area of Lansing is part of Lansing's public school expansion plan as recommended by Dr. William Reavin, University of Chicago School consultant.

The board has some $240,000 in bonding power to build the school, develop the site and furnish the completed building.

The building of the school in the Gold Coast and the bond issue which will finance its construction will be up to the voters of the school district to approve at a coming referendum.

The date of the referendum will be set as soon as a cost estimate is established by the architects according to Lester Crawl, superintendent of schools.

George Tinkler, president of the school board, relates that it is the utmost thought of the board to see that the most building for the taxpayer's dollar will be built in line with good construction which keeps maintenance costs down.

The school board plans to make trips to recently completed school buildings in other areas to view possible new types of construction which may be used to save money in the building contemplated for the Gold Coast area.

Letters

To The Editor

Lansing, Illinois: May 31st, 1955
Editor
Lansing Journal
Lansing, Illinois

Dear Sir:

I was quite surprised when I read the article captioned "Group Declines to Discuss Manager at Town Meeting," in the May 26th Journal. While there has, for some time, been a reluctance to discuss at public meetings matters of vital concern to the people of Lansing, this is the first group that has had the audacity to publicly state refusal to tell the people what concerns them.

Mr. Morris in his letter states, "Our committee feels that it is your group (Those supporting village manager) alone that owes it to the town to explain the purpose and function of the plan you are promoting." The old adage—there are two sides to every question—has oft been quoted, and certainly people are entitled to know both sides. Debate is an age old custom from the assembly halls of our high schools to the floor of the United States Senate. The people of Lansing have a right to have a question of public interest resolved by debate too.

Mr. Morris in his letter goes on to state, "We do not feel that our position needs an open discussion or debate as each and every citizen in Lansing knows the fine type of government they presently have, of the low cost in comparison to other communities and of the outstanding type of community they are living in."

If this be so, then I must not be a citizen in Lansing, and remembering back to April 19th I do not believe I stand alone, for:

1. I have seen the shortcomings and inefficiencies of the type of government which we have that of part-time attention to a full time job.

2. While our tax rate is low our total cost for taxes, garbage, water, vehicle tax, etc., is high. It is all part of our cost of government and must be paid in cash . . . call it what you will.

3. Lansing is an outstanding type of commu y, but let's not talk in the broad sense of types. Lansing's potential is great, but it has been and is being restricted by one-sided views, lack of public information, and short sighted planning. For those who consider our present government good, let's remembe that progress which made our country great is brought about only b, continually striving to improve. . . not by marking time.

Mr. Morris in his letter further says, "Our committee after a thorough discussion on the subject, has agreed that our efforts, monies and time are best being spent on the informative program we are now carrying out; such as house to house canvassing, direct mailing, and paid advertisements in the local newspapers.

Here I can find something on which to agree with Mr. Morris since I have read some of the "information" he refers to. Yes, keep to these media, for then no direct rebuttal of facts can be given to refute the statements made. A one-sided presentaiton is always best to use when its basis is weak and questionable.

It is with a sense of responsibility as a citizen to speak up in the face of wrong that I sign my name to this letter. I have written, instead of ending it with initials or titles as has been the case with a number of letters in recent weeks that were opposed to a village manager. Why no names? I can only guess the answer to this—as can you.

Sincerely yours,
Robert C. Jones

Prom Given Friday For Lanier Graduates

Graduates of Lanier school, Munster, celebrated with a Prom Friday evening, May 27, following graduation the night before.

The dance was held in the school gymnasium from eight until eleven o'clock. Chaperones at the affair were Mr. and Mrs. Ora Vergin, Mr. and Mrs. Irving Lindman, Mr. and Mrs. Sam Wessel, Mr. and Mrs. Harry Bloomberg and Mr. and Mrs. August Schulte. Mr. Sorenson, school principal, was also present.

Roger Hinesely and his orchestra furnished the dance music. Students working on the prom committee were: Karen Mallet, Wendy Dewey, Kay Lindman, Tex Millett, Virginia Randolph, Margus Schulte, James Ward and Eden Wessel.

The young ladies were attired in beautiful dancing dresses and their partners were also dressed for the occasion. It was a lovely affair with all the girls wearing corsages and their partners boutonnieres.

Tables ringed the dance floor, cafe style, each with fresh flowers. Balloons and streamers swayed overhead as the couples danced. Programs were decorated with caps and diplomas.

A white cloth covered the serving table, accented with a red satin apron and white satin bows. A large flat bowl of red and white peonies graced the center of the table, flanked by tall white tapers. Crystal candelabra with red candles lighted the table at either end.

Punch bowls of fruit punch, sandwiches and cookies were served during the evening.

Card Of Thanks

I want to take this opportunity to publicly express my heartfelt appreciation to all of my fellow Lions who voted for me, making my campaign for the office of Tail Twister a victorious one.

Words cannot properly or adequately describe the feeling of gratitude I have in my heart for the wonderful, colorful, and inspiring spontaneous demonstration staged on my behalf by Lions Walker, Dockweiler, Brinkman and Winterhoff.

I hereby pledge that I will, to the best of my ability, fulfill the duties of the office of Tail Twister with utmost humility.

THE WEEKLY SERMON

by Rev. A. E. Krause

The use of superlatives is commonplace today. When we look at advertisements, when we engage others in conversation, when we listen to commercials—the words "greatest," "grandest," "best," "super," continually crop out. "This is the greatest sale ever held." "He is the grandest person imagineable." "That is the best game I ever saw." Most of the time the use of such superlatives is out of place entirely. The speaker has simply become slave to a bad speaking habit. Or, an individual desires to emphasize a point, and so he employs this way of doing it.

There is, however, one superlative which is not employed often enough. Those who call themselves Christians should be more liberal in the use of superlatives applying to the person and the grand work of Jesus Christ. He is in every sense of the word the "greatest," the "grandest," the "best"; or to speak in the words of Scripture, He is the Alpha and the Omega, the first and the last.

I have never seen statistics supporting this contention, but I doubt not that more has been written about Jesus Christ than about any person dead or living. His words have been quoted more frequently than any other words. He has been held up as a model more often than any other person. But this does not make Him the "greatest." He is "greatest" because He is God incarnate.

Students peering into microscopes see minute creatures. The scientist looking through more powerful lenses sees smaller creatures. How tiny a creature can be! But on the other hand, how large other creatures can be! One must marvel at the immensity of this universe. No individual has as yet seen its borders. Looking at this created universe with all that it contains, we point to Jesus Christ and say: "All things were made by Him." And at the same time look at Him as He is portrayed in the Scriptures and realize that He is Man. Truly, here is God manifest in the flesh. There are great people in this world: Emperors, kings, presidents, millionaires, scientists, authors. But not one of these is worthy of the title: God manifest in the flesh.

And then look at Him also with the thought of sin in mind. Sin does not mean too much to many people. They glibly speak about sin. You will not see the damnableness of sin until you know that sin separates from God. That separation was ended by Jesus Christ. He made atonement. Multiply sin by the number of people that lived, live, and will live—and then recall that Jesus Christ became the Substitute for all. He redeemed them, "not with silver and gold," but with His precious blood. He redeem'd men that they might be His own and enjoy His blessings. Who has done more for mankind? Parents give children food, shelter and clothing. Teachers instruct children. Physicians prescribe healing medicines. Friends help others. But Jesus Christ saved all.

Is He not the "greatest"?

Confirmation took place at the second service, 10:45 a.m. Special white vestments were rented for the occasion and the Sunday School provided the flowers.

Little League Opens League Season Saturday

Saturday, June 4th, is the big day for all the Little Leaguers in Lansing. On this day all eight teams find themselves in the limelight, for there will be four games on the schedule.

Due to weather conditions and lack of help by Little League fathers, the new field at 184th and Oakley Avenue may not be finished in time for opening date. In that event, all games will be played at Lan-Oak Park, until further notice.

Little League umpiring for 1955 will be under the direction of Umpire-In-Chief Eddie Lange. He will be ably assisted by Dick Parker, Pete Busch, Lou Rosen, William Monahan, Al Veenstra, Wally Jacobson, and Chester Malmquist.

For the opening game at 10:00 a.m., the V.F.W. will oppose the Lions. Last year the V.F.W. team under "Chuck" Trowe beat Andy Valiska's Lions for the championship of Lansing. Both teams are in fine condition and the ball game should be an excellent one.

At one p.m., the Bank of Lansing meets Lorenz & Schultz. During the 1954 season, Lorenz & Schultz defeated the Bankers in the playoffs to win their championship, so this too should be a real good game. Lorenz & Schultz again will be managed by George Ogborn, while the Bank of Lansing will be under Rudy Janota's helm.

At 3 p.m., the Old Timers will play the Legion. This year the Old Timers will be under the direction of Herb Newberry who replaces Armin Johnson. The Legion again will be managed by Herb Brown who has a much improved ball team.

The final game of the day at 6:00 p.m., finds Lansing Lanes meeting the B. & M. Mfg. Co. The Lansing Lanes team will be managed by Chuck May while Ed Sisul will head the B & M squad. Both teams have been strengthened for the coming year, and the race for the championship should prove very interesting.

Other games for the coming week are as follows:

Monday, June 6th—Legion vs. V.F.W.

Tuesday, June 7th—B & M Mfg. Co. vs. Bank of Lansing.

Wednesday, June 8th—Lions vs. Old Timers.

Thursday, June 9th—Lorenz & Schultz vs. Lansing Lanes.

While the right to talk may be the beginning of freedom, the necessity of listening is what makes the right important.

—Walter Lippmann

Junior League Begins Play Monday, June 6

The Lansing Old Timers Junior League will start is eleventh season with a double-header on June 6th.

This year the original four team league has been enlarged to six teams in order to make room for additional youngsters who have graduated from the Little League ranks. The new teams are the Rockets and Red Sox. The Junior League is composed of boys in the age group of 13-16 years inclusive.

Opening day finds Cal Frank's 49ers facing Mike Fowdy's Shamrocks at Winterhoff Park. The 49ers who took the crown in 1954 have a very strong ball club. They have only lost three players and are again favored to repeat in 1955.

However, the Shamrocks are a much improved team over 1954 and they will be out to upset the applecart. In the other game the Greyhounds travel to Lan-Oak Park to play the Red Sox.

This year the Greyhounds will play under the managership of Frank Meinzer who replaces John Dea. Meinzer, who formerly coached the Rebels, reports that his team is in fine shape and is going places during the coming season.

The Red Sox will be coached by a father and son combination namely Eugene and William Pierce. They are a young team with a fine spirit and should prove interesting to watch. Composed mostly of former Little Leaguers, they are bound to give their opponents a great deal of trouble.

Tuesday, June 7th, finds the Rebels tangling with the Rockets at Winterhoff Park. The Rebels under Guy Wayne, finished a strong second in 1954. With a veteran squad returning and several promising rookies, they should be very tough during the coming year.

Their opponent, the Rockets, will be managed by "Buck" Bricco. Bricco, who formerly managed the Shamrocks, has a team that is composed mostly of rookies. They have been working out three nights per week and are shaping up very well. The Rebels should find them a very tough team to beat.

During the 1955 season, all Junior League games will start at 6:00 p.m., and will be seven innings.

The umpiring staff will be under the direction of Umpire-In-Chief Pete Busch. Assisting him will be Dick Parker, Louis LaMourie, Al Vienstra, Lou Rosen, Norman Schultz, Bob Kmak, and Ernie Vierk.

Troop 39 Mothers Club Sponsors Bake Sale Friday

The newly organized Mothers Club, Troop No. 39, Highland, are sponsoring a bake sale at Schoon's Market Friday evening, June 3, and Saturday, June 4.

Mothers and friends of Troop 39 are asked to donate bakery goods and may obtain information about pick-up of their contributions by calling Mrs. Curtis Darnell, Highland 1264, Mrs. George Fladeland, Highland 1405 or Mrs. Herman Motsinger, Highland 1833-M.

Proceeds of the sale will be used to equip the troop with badly needed tools and camping gear.

It is hoped that enough profit will be made to allow for the purchase of two more tents for the three day hike, scheduled for June 10, 11, 12.

The club, through the efforts of Mrs. Curtis Darnell and Mrs. Warren Stevenson presented Troop 39 with 10 new semaphore flags. The presentation was made by Mrs. Stevenson at a meeting held May 24.

Announcement of the bake sale was made at this time.

The Lansing Kindergarten Association held its last meeting of the year, May 25 at which time William Salvage installed the following new officers: Mrs. Walter Knippel, president; Mrs. Marie Rasmussen, vice president; Mrs. Betty Blank, secretary and Mrs. Robert Biederman, treasurer.

A social hour followed the regular meeting and the group was entertained with several selections rendered by the Memorial Junior High Glee Club under the direction of Paul Jankowski. Marganie Gordon and Tom Brent also entertained with saxophone duets.

The kindergarten classes were dismissed last Friday, May 27, to be resumed next fall. Before closing for the year the class enjoyed a trip to the Lange Farm, which also included a picnic.

Remember the old "baby bonds" or pre-World War II days? They were the fore-runners of our present series E and H bonds, and were first issued in 1935. E bonds were first offered in May 1941 and H bonds in June 1952.

WHERE ARE THE FACTS??

It is the belief and opinion of the Committee to "Retain Our Present Form of Government that the Village of Lansing is a respected, flourishing, well organized and efficiently run community.

In a public statement several weeks ago, we challenged the "Village Management Group" to point out why we should give up our present form of government and we asked for the facts in response to our question:

"What is wrong with Lansing"

To this date we have patiently waited for these facts from them. They have issued several statements since that time attempting to mislead the public with biased opinions regarding the operation of the Village Manager Plan. For example, they have said:

"Robert Harvey who lived in Kalamazoo, Michigan for two years believed that the manager form of government provided excellent services.

"Otto Brach of Toledo, Ohio has publically supported the manager plan.

"Municipal employees in Brunswick, Maine testified they had never fared so well."

They have further given their opinion that the Village Manager will find water leaks, supervise the construction of the sewage plant and have full knowledge of all abandoned wells.

BUT, where are the FACTS??
They "know" he will be the height of efficenency.
They "know" he will save the Village thousands of dollars.
But even they, do not "know" who he will be!

Until it can be shown that there is something wrong with Lansing under our present form of government, and until it can be shown, by FACTS that the Village Manager will be able to correct any and all deficiences.

We must again issue our cry - -

"Let Lansing Govern Lansing"
