Budget Inspection Set For Bd. Meeting

By ALEXIS HUTTLE
(Of the Sun-Journal Staff)

A special meeting has been requested by Board Of Education Dist. 215 member Bill Morgan. The meeting which has been scheduled for tonight at 7:30 will be to discuss policies. It will be held at the T.F. Administrative building.

In a report to the board Tuesday evening, business manager Henry Legg warned the board they will have to be careful with their budget for they will spend 75% of next years budget before the school year starts. He stated that they cannot afford to go over this budget.

The reason for the increased spending according to Legg is due to the audio visual budget increase again this year; the health issue is fairly stable but it went up $400 due to flue shots; the IBM rental has increased because of added equipment in the two schools; the athletic program budget has increased $12,000 over last year; and the textbooks cost has risen.

This is an increase of over $4 million. They have increased 4.8% over last year's budget and 5.3% over last years expenditures. At the end of June 1972, they had a deficit of $1 million.

Action has been taken to cutback on the spending. Principals requests have been cut and the athletic department has been asked to take $2,000 from their budget requests.

According to Legg, the rate has not been changed since 1945. The district has built and added to its schools but the same rate has been maintained.

Sobczak feels that the state legislatures should be watched more closely because he feels that there have been some misappropriations. He feels that the board was shortchanged concerning income tax.

Chairman Albert Wisowaty asked that a referendum be compiled and submitted to the board and then to the residents of Calumet City, Lansing, and Burnham. The committee appointed to compose this are Bill Morgan, chairman; Donald Sobczak; Roy Carruba; and James Garrison. A conflict of interests was posed by Sobczak. He was then replaced by Robert Collins.

They are not rushing the seasons, however throughout town these tree service men have been spotted during the past few weeks removing fallen leaves and branches as summer goes into its last stretch. (SUN Photo)

"In the middle of Tobacco Road". It may look like shades of Tobacco Road, but actually it is a bit of unattended pavement on the block of 182nd and Roy Street. Numerous residents have called, remarking upon the poor condition of the pavement on the street. (SUN Photo)

Lansing / SUN SPOTS

Bible School

The Bethel Christian Reform Church, 2248 186th will hold their Daily Bible School starting Aug 7. It will last until Aug. 11. It will run from 9:30 until 11:45 and is for children four years old to 8th grade. For more information call 474-8518 or 474-8668.

26 Years

MR. and MRS. EMIL LONKAR, 3432 Lake celebrated their 26th wedding anniversary recently.

Heads For California

MARINE PVT. STEVEN R. ANDERSON, son of MR. and MRS. WALLACE ANDERSON, 18045 Wildwood Ave., has reported for duty at the Marine Corps Base in Twentynine Palms, Calif. A 1971 graduate of Fenger High School, Chicago, and a former student at North Park College, Chicago, he joined the Marine Corps in March, 1972.

Tours Europe

KATHLEEN ANNE KROLO, 18041 Oakley is spending the summer touring the art centers in Europe. She is the daughter of MR. and MRS. JACOB KROLO and is a teacher of English and Humanities.. On her trip she will visit Rome, Austria, and Greece.

26 Years Old

MICHAEL HOLUBIAK, 17233 Greenbay is celebrating his 26th birthday this week. Best wishes are extended to Mike.

Another Year

SUSAN HENNING, 17946 Escanaba, will celebrate her 15th birthday Aug. 22.

Air Force

DONALD R. BOLTON, 17425 Roy St., arrived at Lackland Air Force Base in Texas. His address is: AB Donald R. Bolton, AF 319489642, CMRNO TSC#6 SO3709, Flight 875, Lackland, AFB, Texas 78236.

Happy Birthday

RUDY HARTGE, born in Germany in 1891, celebrated his 81st birthday July 29. Rudy has been an active founder of the Lansing Sportsman's Club. He is responsible for the maintenance of all grounds, flower beds, and shrubbery, and also for the display of the American flag that flies at the club.

Lansing Cadet Attends ROTC Training School

Cadet Thomas M. Whiteside Jr., son of Mr. and Mrs. Thomas M. Whiteside, 18204 Exchange, Lansing, is attending the Army Reserve Officers' Training Corps Basic Summer Camp at Ft. Knox, Ky., from June 23 - August 3.

Cadet Whiteside, a student at the University of Illinois at Urbana, is one of more than 10,000 students attending Army ROTC Training at six installations in the U.S.

Students attending the six-week camp are preparing themselves to enter the Army ROTC program when they return to college this fall. The two-year program is designed specifically for junior college graduates, transfer students and others who were unable to take ROTC during their first two years of college.

During the camp, the future cadets receive instruction and troop leadership experience which emphasize the development of confidence and the ability to make decisions in a challenging environment.

Students who successfully complete the training and are accepted for the two-year program are enrolled in the advanced course at their school and receive the same instruction and benefits as do other cadets in the final two years of the regular four-year program.

The 23-year-old cadet is a 1967 graduate of George Rogers Clark High School, Hammond, Ind. He and his wife, Pamela, live at 11 Gurth, Urbana, Ill.

Last Day To Meet With Counselors

Any new student at Thornton Fractional South who has not yet met with the guidance department to discuss their 1972 schedule should do so today. Appointments may be made by calling the high school at 474-6060.

Schedules will be distributed, fees may be paid, and books may be purchased from Aug. 15 until the 21. This may be done in the T.F. South High School cafeteria. Freshman are to pick up their schedules Aug. 15 from 8 a.m. until noon. Sophomores should come to the high school for their schedules Aug. 16 from 8 a.m. until noon. Aug. 17 is the day scheduled for Juniors, and Seniors should obtain their schedules Aug. 18 between 8 a.m. and noon. Late schedule distribution is Aug. 21 from 8:30 a.m. until 11 a.m. at the high school.

Freshmen are required to report to the school auditorium Aug. 29 at 8 a.m. for assembly. This is the first day of school and they will be dismissed at 10 a.m.

There will be no assembly for sophomores, juniors, and seniors on Aug. 29. Instead they are to report to their classes as designated on the schedule. The times will be changed however as classes will only run from 10:05 - noon. The early class will be from 10:05 until 10:15. The first period is 10:20 - 10:30; second period is 10:30 - 10:45; third period is 10:50 - 11; fourth and fifth period is 11:05 - 11:15; sixth and seventh period is 11:20 - 11:30; eighth period is 11:35 - 11:45; and ninth period is 11:50 - noon.

On the day of schedule distribution, students should present the postal card issued by the bookstore indicating the book credit due the student from the previous year. Payment by check is encouraged. Checks may be made payable to Thornton Fractional South High School. The school encourages the amount on the check be left blank and it will be filled in by the bookstore for the exact amount for books and fees. A receipt will be issued for personal records showing the exact amount of the check.

Each student will need approximately $20-$40 for books, and fees. Usually incoming freshmen need $35, while upperclassmens fees vary. All fees are based on the type of courses selected by the students.

Books and clothing may not be left in the school lockers until school officially begins. Seniors will be measured for caps and gowns Aug. 18.

Teen Pageant Set For Weekend

This coming Friday and Saturday will be two days a certain Lansing girl will never forget. They are the days in which Lansingite Nancy Ustian will participate in the National Teenage Pageant to be held at the Holiday Inn South in Harvey.

Nancy, in addition to many other girls between the ages of 13-17 from various areas throughout the state, will be judged on scholastic achievement, civic contributions, poise, personality, and appearance.

Judging in those departments, Lansing's entry to the contest should have a good possibility of advancing to the finals. Among her list of accolades, Nancy has been active in cheerleading, twirling and strutting contests.

NANCY USTIAN

The pretty and petite blond has over 500 trophies sitting in her home located at 17940 Arcadia which were won in twirling and strutting competition. In addition to these activities, she has also become a very polished organist playing at various recitals and grand openings during the past few years.

After finishing grade school and high school, Nancy plans to continue with her music and eventually become a gym teacher. She would also like to continue in the twirling and strutting department and become a teacher.

Hopefully sometime Saturday night, Nancy will be strutting down the aisle at the Holiday Inn South in Harvey, a new Miss Teenage Illinois.

Calumet City Police and Fire Department members were angels of mercy Monday morning as they transported a 16 month old infant from St. Margaret Hospital to a waiting Chicago Fire Department helicopter on the grounds of TF North High School for an emergency flight to Children's Memorial Hospital. Left, Mrs. Dembowski, 614 Pulaski, the infant's mother, Firemen Ed Lyczak, pilot J. Allegretti, Fire Chief Julian Swiderski and Patrolman Pete Madgos. (Photo Courtesy Calumet Fire Department)

Celebrating their 35th anniversary, the Lansing Lions presented life membership awards to William Winterhoff Sr., charter president; Gustav Bock, Walter W. Schultz and Arthur Lorenz, charter members and William Last, not pictured, past district governor of District 1A from Lansing. Will Wilson, administrative advisor of Lions International made the presentation at the Silver Lake Country Club Tuesday night.

Plan Fun For Area Youngsters

Summer activities for youngsters age 5 through 10 years of age will get underway at Lan Oak Park in Lansing Aug. 3. Arts and craft work will be conducted by the Lansing Junior Woman's Club from 11 a.m. until noon, free to Lansing children.

'47 Class TFS Reunion

The Thornton Fractional High School Class of 1947 will hold their 25th reunion on August 19, at the Longwood Country club in Steger.

Any graduates who have not yet returned their reservations may still do so.

Any T.F. graduates from other classes are welcome to attend. If you are interested in coming please contact or send reservation to: Mrs. Marilyn Levin Rosenstein, 8107 Forest Avenue, Munster, Indiana- Phone TE 6-8261.

Young Republicans Plan Thornton Membership Drive

Mike Fryzel, of the Thornton Township Young Republicans president (TTYRs) announced the beginning of the TTYR Associate Membership Drive. Fryzel explained that active membership in the Young Republicans is limited to those between the ages of 18 and 37. For those over 37 interested in the efforts of the YRs, there is the Associate Membership category.

During the past twelve months the Young Republicans of Thornton Township have been extremely active. They sponsored a voter registration drive which registered over 500 people; they have prepared Christmas packages for the Senior Citizens at Jones Community Center; they held monthly meetings at which informative speakers were presented for the people of the community -- one of which had all four Republican candidates for State Representative present at the same time; for their members and associate members they held a Christmas open house.

Associate membership in the TTYRs is $3.00 per year and entitles the member to receive the monthly award winning Newsletter, Trunk Line, be invited to all meetings and are welcome to participate in all activities.

Interested persons are asked to write for further information and a complimentary copy of the Newsletter to the Young Republicans at 16053 Dobson, South Holland, 60473, or to call 596-2141.

The Glenwood School for Boys was the recent recipient of a check for $1,200 from the United States Steel Corporation. Presenting the check in behalf of the U.S. Steel Corporation was J. David Carr, General Superintendent of the company's Gary Works. Frederick G. Jaicks, President of Glenwood School and Chairman of Inland Steel Company, was on hand to receive the check for the School. Also on hand for the presentation at the School were William N. Todd, Executive Director, Glenwood School for Boys, and Thomas Moisan, a 10th grade student.

Postal Service Feted On 1st Anniversary

"Why does it take so long to get my parcels to their destination?"

"Why are so many of the parcels I receive damaged?"

"Why did it take my Air Mail Letter 3 days to get to California?"

"Postage rates went up, how come the service isn't any better?

These and many other questions are asked of the Postal Service daily, and rightfully so.

On July 1, 1971, the United States Postal Service was born, with the promise of improvement. Improvement, is being made, but it's a slow process. An organization which had very little change in the last 50 years will need time to get its ideas into operation.

In the first year of its existence, the USPS has made a great number of improvements, according to George L. McNamara, Postmaster of the Lansing, Illinois Post Office.

1. First of all efforts had to be made to cut costs;

- overall employment was reduced by 20,000 without resorting to layoff.
- a top to bottom job evaluation study was completed.
- 187 self-service postal units were installed, bringing the total to 750 in the United States.
- More Christmas mail was handled this year with less overtime and fewer an hours than previously.

2. Efforts to handle your mail faster and more efficiently were established:

- Next day delivery service for local mail throughout the country.

For the customer in Lansing, this means that first class zip coded mail, mailed before 5 p.m. to North Suburban Chicago, Chicago, South Suburban Chicago, Gary, Kankakee, and La Salle will arrive at its destination the next day.

- A blue Star program has been initiated for the parcel post.

A parcel mailed to any of the above mentioned areas before 5 p.m. will be stamped with a blue star and delivered the next day.

3. Services for the cust... have been establishe... improved;

- The Post Office can no... accept applications for passports. In our area the Homewood, Illinois Post Office handles the applications.
- a streamlined insurance system has been established to speed settlement of insured mail claims.
- Philatelic boutiques have been established in seve... cities.

A new philatelic center was opened this year at the Chicago Post Office. These improvements have been made and many more are being developed. With the cooperation and patience of you, our customer, we will soon have a Postal Service we can all depend on for our mailing needs.

Abatement Crew Seeks New Way To Destroy Pest

Since time began, hordes of mosquitoes have been converging on men, inflicting their annoying, blood sucking bites. At last it appears that these pesky insects are about to get a taste of their own medicine. The South Cook County Mosquito Abatement District has developed a military-style, mobile concept known as Co-ordinated Mosquito Envelopment Teams, or COMET for short. COMET is designed to cope with the added mosquito problem created by local rainfalls.

James D. Pauly, recently appointed General Manager of Illinois' largest and most heavily populated mosquito abatement district, explained this latest mosquito control concept. "The District's normal procedure for mosquito control is to assign fixed areas of control responsibility to each man stationed at our four field depots. These men conduct routine, systematic inspections of all known, or suspected mosquito productions sites. When these low, wet areas are found to contain mosquito larvae, the area of infestation is treated. Under normal circumstances, this is the most efficient way to minimize mosquito annoyance", Mr. Pauly stated.

"Our greatest annoyance in this area," he explained, "is caused by the floodwater mosquito, Aedes vexans. The female deposits her eggs in shallow depressions, which are subject to flooding by rainfall. When flooding occurs, the eggs hatch and within 7 to 10 days the adult mosquitoes emerge. The District is subject to two and sometimes three general floodings and subsequent outbreaks of floodwater mosquitoes each summer. However, because of the District's size (340 square miles), we also have many localized rainfalls which can result in limited, yet prolific mosquito production.

Mr. Pauly explained that, "In cases of localized flooding, we find that the field operators assigned to these areas are hard-pressed to provide effective control within the limited time available to them, while in the unaffected areas, field operators are conducting routine control operations against mosquitoes of lesser annoyance to the public."

Mr. Pauly outlined the preliminaries to a COMET operation in this manner; "We have installed 14 rain gauges throughout our ten-township district, to detect locally severe rainfalls, when such rainfalls occur, our helicopter will make an immediate aerial survey to determine the actual area of involvement. Field operators assigned within the affected area will then make on-the-spot assessments of the degree of mosquito larvae infestation. As the problem warrants, necessary additional ground units, our helicopter and logistic... support will be moved into t... area."

The General Manager went on to explain, "Each day, during Operation COMET, the men will be briefed and assigned areas of contro... responsibility. We will establish a field command post in our mobile field laboratory, which will be located at our nearest helicopter landing site. In joint command will be ... area's Division Supervisor, ... charge of ground operation... and the District's biologist, responsible for aerial treat... ment activities and mosqui... identification. As the proble... is brought under control, ... will withdraw members of the envelopment team and return them to their regularly assigned areas. Because we expect to be able to terminate these joint operations within two or three days, this means that no part of the District will be without a field operation for any appreciable length of time. The beauty of Operation COMET," he went on, "lies in its adaptability to meet the needs of any localized mosquito production problem. Our present control measures stop at least 75 percent of the District's mosquitoes from reaching annoying adulthood. Depending upon the occurrence of locally severe rain storms, COMET could yield an additional ten percent increase in our control efficiency. And this will be done at no additional cost to the taxpayer."

Mr. Pauly concluded, "We pride ourselves on being able to provide our residents with the safest, most efficient and economical mosquito control available. We are constantly searching for ways to improve our capabilities without increasing the taxpayer's burden. We feel that Operation COMET will be one more step in this direction."

Over 90 Chicago-area municipal and industrial fire chiefs recently attended a fire-safety seminar in Troy Grove, Ill., sponsored by Northern Illinois Gas Company. Richard A. McClelland, NI-Gas director of safety, said the purpose of the training school was to provide instruction in the use of dry chemical fire extinguishing equipment to extinguish flammable liquid and high-pressure natural gas fires. The seminar was part of a safety program that NI-Gas hosts annually for its employes and local fire departments, he added.

Vet Van Visits Fairs

A mobile van will serve veterans' need in visits to 15 county fairs this summer, Gov. Richard B. Ogilvie announced this week. He commented:

"We believe that Illinois has the finest and most comprehensive program of assistance to veterans in the country. Our aim in going to county fairs is to take the information--and the opportunities--to veterans in their own communities."

According to Paul J. Wisner, director of the Governor's Office of Human Resources, the van will be staffed by personnel from his office, the Illinois Veterans Commission and the Illinois State Employment Service.

Information will be available on jobs, small business loans, educational benefits, home loans, and disability benefits. The governor added:

"Somebody asked me recently why we treat veterans in a special way, and I answered: 'Because they are special and we have a special obligation to help them get going again in civilian life.'

Making contact with a single source of help, such as the traveling van, is an excellent way to start the process of readjustment."

The SUN

The Sun is published in two editions: Lansing Calumet City. Published once weekly on Tuesday by the Calumet Publishing Company, 18107 William St., Lansing, Ill. 60438. Subscription rates: mail $6.00 per year, newsstand price is 15¢ per copy.

In addition the Calumet Publishing Co. publishes the Sun Journal on Thursday and Saturday in six editions for Lansing, Calumet City, Munster, Highland, Griffith, Dyer, Sauk Village, Schererville, and Merrillville. Calumet Day on Wednesday serving Whiting and North Hammond, Harvey News Box on Wednesday, and Chicago Daily Calumet on Monday through Saturday.

Cops Sponsor Intl. Circus 2 Week Stand

The circus is coming to town — under the big tent where the sky is the limit and so are the thrills.

Sponsored by Chicago's Confederation of Police (COP), the Rudy Bros. International Circus moves onto grounds at 95th Street and Harlem Avenue (Bridgeview), with the opening show scheduled for 8 p.m., Wednesday, Aug. 2.

It takes 200 people to produce the monstrous show with the big booming brass band, the world's only trained African elephants, dancing horses, performing llamas and giggle-causing chimps, tight wire artists without nets aerial thrills, laughs from the Podunk Fire Dept., clowns running riot in rollicking fun, presenting their mirthful interpretation of "Hair," even a Storybook Parade of floats featuring the Old Lady in the Shoe, Little Bo Peep and her sheep, Mother Goose and many others, plus dangerous wild animal exhibitions, exciting trapeze feats and breathtaking high wire acts.

James M. Johnson, president of COP, said the circus is for the fun of all and especially in the interest of entertaining underprivileged children. Individuals and businesses are buying tickets for youngsters who ordinarily miss the fun of a circus. The proceeds, he said will be earmarked for (1) a new COP Dangerous Drug Abuse Information Program and (2) a COP legal defense fund for Chicago policemen.

On Wednesday, Aug. 9, the 2 p.m. performance will be free for underprivileged children from organizations such as the Woodlawn Urban Progress Center, the Chicago Boys Club, the West Garfield Urban Progress Center, the State of Illinois Department of Mental Health, the Department of Human Resources and the Woodlawn Organization.

The circus is scheduled to run from Aug. 2 through 15. Performances will take place on week days at 2 and 8 p.m., except on opening day when there will be no matinee. Saturday show times: 11 a.m., 3 p.m. and 8 p.m. Sundays: 1:30 p.m. and 5:30 p.m. Doors will be open one hour before show time.

"There will be no reserved seats," according to Managing Director Rudy Jacobi. "It takes just one ticket to see it all." Adult admission is $3, children, $2. A special family ticket may be purchased in advance for $6.50, and will admit two adults and all of their children or, if signed on the reverse side, will treat seven underprivileged children. To secure the family ticket, the circus suggests: call 942-0951 or 952-0952.

Coronata Ladies Show Off Crafts And Handiwork

The Ladies of Coronata recently held their monthly meeting at the clubhouse. After their business meeting they had a show and tell at which time they displayed handmade items to display hobbies created in their spare time.

Last month, the organization had a final reading of the by-laws. Revised copies may be obtained from their treasurer Mrs. Art Pranske. Any members who wish to pay their dues in person may bring them to the next meeting.

Final plans are being made for the "Lucky Games" afternoon to be held in October. Tickets will be distributed by the members at the August meeting. The club is requesting that people collect door prizes and bring them to the meeting or deliver them to Mrs. Tony Dalla Costa at 138-154th Pl., Calumet City.

Members are reminded to save canned goods for the holiday baskets.

MSD Board Meets Aug.3 At 2 P.M.

The next regular meeting of the Board of Trustees of The Metropolitan Sanitary District of Greater Chicago will be held on Thursday, August 3, at 2 P.M., in the Board Room, 100 East Erie Street, Chicago, Illinois.

Committeee Meetings of all committees will be held at 10 a.m. on this same day.

Coronata Council of Knights of Columbus 3806 conducted an installation of officers recently. The act was the transference of the gavel from the retiring Grand Knight to the newly installed officer. Standing left, Norman Black, retiring Grand Knight, John Kolodziej, newly elected GK, Joe Dohoney, assistant to state deputy, Konstantin Czaban, warden, Paul Jacobs, trustee and Nello Fredianelli, outside guard. Seated Leo Szczepaniak deputy Grand Knight, Anthony Dalla Casta, chancellor, Carmen Gambino, financial secretary and James Weiss, treasurer.

Howlett: Good Drivers Should Get Insurance Rating Break

Michael J. Howlett, Democratic candidate for Secretary of State, believes safe drivers should be rewarded by their insurance companies as bad drivers are now penalized.

As Secretary of State, he will increase the recognition now given by the state to safe drivers and will work with insurance companies to try to obtain a preferred rating that will save them money.

Howlett discussed his views at a dinner of "Friends of Howlett and Johnson" tonight (Saturday night) in the Knights of Columbus hall, Rantoul.

Lawrence W. Johnson, State's Attorney of Champaign County, is the Democratic candidate for Congress in the 21st district. The dinner was arranged to support his candidacy and Howlett's.

"The late Charles Carpentier began the practice, continued by later Secretaries, of issuing a safety citation, along with renewal of a driver's license, to drivers with no convictions of moving violations during the previous three years," said Howlett.

"Many drivers appreciate the citation and carry it in their wallets with the license. But they still pay the same insurance premium as beginners or recent migrants to Illinois who have no record of driving experience.

"When a driver is convicted of a violation, it is entered on his record in the Secretary's office. The record is public and is examined by insurance companies. Drivers with a bad record are required to pay a higher rate for their insurance.

"As Secretary, I would continue to issue a citation to a good driver for his wallet, but would add another he could send along to his insurance company.

"Since the insurance company would be under no obligation to give him any special consideration, I would use the prestige of the Secretary's office to try to persuade the insurance industry of the advantages of a preferred rate for outstanding drivers.

"I believe the Secretary also should issue a decal sticker to the safe driver which he could affix to the rear window of his car. It would be an additional incentive to him to keep his record clean.

"More Americans have been killed in motor vehicle accidents than in all our wars since the Revolution. More are killed every year than in the entire history of the Viet Nam conflict.

"It is especially dangerous for teen-agers. In a single year, the National Safety Council found four out of every 10 licensed teen-age drivers were involved in a traffic crash.

"Yet there are countless Illinois citizens who have been driving for 20, 30 or more than 40 years without a moving traffic violation or accident against their record.

"The responsible driver avoids accidents but pays the premiums which pay for other drivers' accidents. A record of responsibility and safe driving deserves more recognition than is now given."

Scott Files Suit To Stop Drum Plant Air Pollution

Illinois Attorney General William J. Scott filed suit Wednesday to halt severe air pollution by Trilla Cooperage, Inc., a drum reconditioning plant at 3201 South Millard Avenue, Chicago.

Scott's suit, filed July 26 before the Pollution Control Board, charged the company with discharging odorous, gaseous emissions which are "injurious to human, plant and animal life", and which "unreasonably interfere with the enjoyment of life or property."

The Attorney General's suit also charged that these emissions produce photochemical smog through atmospheric reactions with other elements.

The air pollution violations set forth in Scott's suit are caused by paint-spray booths and paint-baking ovens which are not controlled to prevent or to reduce the emissions.

Scott's suit also charged the company with failure to obtain the required state permit for the installation of pollution control equipment on an incinerator.

Scott asked the Board to order the defendent to cease and desist the air pollution violations, and to assess a penalty of up to $10,000 for each violation plus up to $1,000 for each day the violations continued.

Key To Career May Be Executive Secretary Course

The key to a successful career may lie in taking the Executive Secretary curriculum available for Fall, 1972 at Thornton Community College, 50 W. 162nd St., South Holland, according to TCC vice president of Academic Affairs Wayne Willard, Glenwood.

Students prepare for interesting and challenging business positions ranging from senior stenographer to executive secretary. Skills necessary for entrance level jobs and a solid background needed for rapid career advancement are provided through Shorthand, Transcription, Typewriting, Business Machines, Business Accounting and Record Keeping, Consumer Economics and Office Procedures and Management courses. Internships may also be incorporated in the program.

An Associate degree is conferred after four semesters. Admission applications for the August 24 semester now available in buildings 17 and 18 on TCC's interim campus. Deadline for matriculated student status is July 15. Student-at-large in person registration scheduled for August 17 through 23.

For further information, call 596-2000.

23 Compete In Hammond Soap Derby

Twenty - three youngsters competed in the Hammond Soap Box Derby last Saturday.

First place went to Greg Orbik of Whiting who will receive a $500 savings bond and a trip to Akron for the national finals. Steve Rattray, Lansing, was the runner-up, and he receives a $100 bond. Special awards were given to Chris Severin (Lansing), for best design, and to Kevin Burke of Munster for most unique racer.

Plan Pack Trip

A trip to the Enchanted Forest has been scheduled for Aug. 13. Cub Scout Pack 226 and their families will travel to the outing at 10:30 a.m. Buses will be provided and will leave the Caroline Sibley School yard. They are expected to return around 5:30 p.m.

Admission for the Cubbers and Den mothers will be provided for by the Pack. All other family members will pay $2.25 admission to the Enchanted Forest. Since it is necessary to know how many buses to hire, Pack leaders request that familes contact Den Leader Coach Mrs. Black no later than Aug. 1. She can be reached at 868-3432. Children under one year old are free. Cub Scouts are expected to wear their uniforms.

Cub Scout Pack 226 had their annual picnic Sunday, July 23, at Lansing Woods. There were races and games for all the children. The Cub Scouts played a game of softball with their mothers in spite of the extra odds in favor of the "moms", the boys won 9-7.

The posters for the poster contest for "School Night For Scouting" should be turned in to the Den mothers no later than Sept. 3. The poster should be 24 x 36 in size; it should include an invitation to join Cub Scouts Sept. 28 at Caroline Sibley School. The theme for this year is "Touchdown For Boypower".

The Cub Scouts will be having a paper drive in October. They request Scout families to start saving papers.

1,700 Enroll At TCC

Over 1,700 students have applied for fall, 1972 admission at Thornton Community College, 50 W. 162nd St., South Holland, recently announced James Steimle, TCC Information Systems and Services Director. Of these, 1,307 are new, 217 prior, and 176 transfer students.

Community residents are reminded that the fall, 1972 admission period for attendance as a student-at-large extends through August 22. A person can attend as student-at-large either on a part or full time basis, but is normally one who has not formally established a structural program of study and is not scheduled for formal counseling.

Class sessions begin August 24. For further information, phone 596-2000.

"I like to join this 4 o'clock rush in order to avoid the 5 o'clock jam!"

A logging foreman sold a truck farmer a power saw that he guaranteed would cut down fifteen trees a day. A week later, a very unhappy farmer came back to report that the power saw must be faulty—it averaged only three trees a day.

The foreman picked up the saw and pulled the starter cord to start the engine. The saw promptly revved up into its loud whine.

"Hey!" demanded the startled farmer. "What's that noise?"

1972 Car Will Cost 14% More

Have you been thinking about buying a new car? Have you been wondering how much the cost of driving has gone up recently?

If you fit within the guidelines of a recent government study, each mile you drive in a standard-size 1972 model auto will cost you 14 per cent more than it did in 1970.

The federal study also shows that auto insurance is the second lowest cost factor, the Insurance Information Institute points out.

For the typical buyer of a 1972 standard-size car that will be driven for 10 years (by two or three owners) and for 100,000 miles, the cost at today's prices will be 13.6 cents per mile, according to the U.S. Department of Transportation study.

A similar study in 1970 revealed the comparable cost then was 11.9 cents per mile, or 1.7 cents less. No study was conducted during 1971.

Here is how the cost-per-mile breakdown compares for 1970 and 1972:

Vehicle cost and depreciation	3.2¢	4.4¢
Parts and maintenance	1.9¢	2.6¢
Gas and oil (taxes excluded)	1.9¢	2.1¢
Parking and tolls	8.8¢	1.8¢
Insurance	1.7¢	1.4¢
Federal and state taxes	1.4¢	1.3¢
Overall	11.9¢	13.6¢
¢CHANGE		%CHANGE
plus 1.2		plus 37.5
plus 0.7		plus 36.8
plus 0.7		plus 36.8
plus 0.2		plus 10.5
minus 0.3		minus 17.6
minus 0.1		minus 07.1
plus 1.7		plus 14.3

The startling increase of better than a penny per mile for cost and depreciation of a new auto in just two years was attributed to price increases and new equipment, such as safety and anti-pollution devices. Inflation is a factor as well.

In 1972, the study also analyzed the cost per mile for compacts and subcompacts. It found owners can expect the compact car to cost 10.8 cents per mile to operate and the subcompact 9.4 cents.

The decrease in insurance cost resulted from a change in what was considered "typical" by the researchers. In the 1970 study a large metropolitan city's insurance rate was used, while the lower suburban rate was considered more typical in 1972.

In either case, the Insurance Information Institute said, the government figures indicate that insurance is the second lowest cost factor involved in operating a "typical" American car.

Sklodowski Asks For Investigation

Robert L. Sklodowski, GOP candidate for Clerk of the Circuit Court, today demanded a full scale investigation by Matthew Danaher, Clerk of the court, following the disclosure that a former deputy clerk received cash gifts from lawyers for favors while serving in the clerk's office.

"This is the tip of the iceberg," Sklodowski charged, adding: "Even though the deputy clerk said this occured in 1967, it's well known but unpublicized that this is a common practice in the Clerk's office today. It favors the privileged who are willing to bend the law and grease the palm.

"After I am elected, I will take all necessary steps to abolish this practice by setting up an internal investigation commission.

"A citizen should not be required to make a payoff in order to get his case handled properly.

"As a concerned citizen, I demand that Danaher launch an immediate investigation to determine how this practice Sklodowski made his comments following a published report that the deputy clerk, Julius Hainbach of Homewood, has filed a court suit to recover income from lawyer's gifts which he claims he lost when he was transferred from the clerk's office to the Code Enforcement Division of the city planning department in 1967.

Hainbach, according to the published reports, in his deposition said that he received such gifts from lawyers while he manned the counter in room 801 of the Civic Center where court records are kept and consulted frequently by lawyers.

According to his deposition, some of the lawyers regularly gave Hainbach cash payments for his personal benefit.

TCC Offers Music Lessons

Private applied music lessons are now offered for Fall, 1972, at Thornton Community College, 50 W. 162nd St., South Holland according to TCC music department director, Albert Kindig. Lessons are available for college credit or as special interest courses (non-credit) upon audition in voice, piano, brass, woodwinds, strings, percussion, organ, and classical and folk guitar "beginning and advanced levels!"

For further information, call 596-2000, ext. 287.

Salvation Army Says Thank You

Lt. Colonel Andrew S. Miller, Greater Chicago Unified Commander, has announced an up-to-date report on services rendered by The Salvation Army during the recent Rapid City, South Dakota, flood disaster. The report covers a period from June 10 thru July 9.

Services rendered include: Meals served: 177,749, Clothing Distributed: 180 tons, Canned Goods Supplied: 4,489 Cases, Potatoes Supplied: 20,269 Lbs., Bread Supplied: 5,308 Loaves, Baby Formula: 527 Cases, Baby Food: 1,000 Cases, Disposable Diapers: 2,000 Cases, Baby Bottles: 500 Bottles, Cleaning Materials: 3,948 Items, Surplus Commodities (USDA): 600 Cases.

Canteen services were: Sandwiches Served: 39,249, Cups of Coffee: 25,113, Cans of Cold Drinks: 30,708, Other Items: 28,223 and Hours of Services: 1,599, Number of Volunteers was 527.

Volunteer service includes Volunteers, 2060 working, 19,812 hours.

Colonel Miller, on behalf of The Salvation Army is grateful to the Army people from the midwest whose generous financial contributions have made the Army's disaster work possible in South Dakota as well as potential future disaster areas in which The Salvation Army will be engaged.

More than $600,000 has been spent by the Army for services in Rapid City. Of this amount it is hoped that $100,000 will be raised in the Greater Chicago area. The amount to date is $7,000.

Olympic Swimming Trials To Begin Wednesday At Portage Park Pool

The United States chooses its Olympic Swimming Team in a different procedure from all of the major countries. Most of the countries send their potential team members into a training camp for six to ten months and then they choose their team on the basis of the athletes overall performance during that time. The United States team is selected on the basis of performances in a single five day meet called the Olympic Trials, held three weeks before the Olympic Games.

The pressure is on the athlete in that he gets only one chance at the tryouts. He must place first, second, or third to qualify for an individual event, or fourth for a relay–regardless of his condition on that particular day. There is no way you can be on the United States Olympic Team unless you qualify in the trials, even if you are rated the best in the country. If you are sick or if you have an off day you are out of luck.

Many of the swimming enthusiasts will remember Jeff Farrell, who in 1960 was our best 100 meter freestyler. Unfortunately for him, he had an appendicitis attack a week before the trials. Ten days after his operation he came back but could only qualify fourth, then he could only make the 400 meter freestyle relay. By the time of the games he had recovered completely but he could only swim on the relay team, even though he was the best our country had. His time was good enough for the gold metal in the 100 meter freestyle.

We force the athletes to give everything they have in order to make the team, and then to "peak" again for the Olympic Games. The term peak means complete physical and mental preparation for your races. For a swimmer it is extremely difficult. At the trials I will be timing in lane 1 (one).

The trials will be held at 4100 N. Long, in Chicago, at the Portage Park Pool. The pool is available for contestants from July 28-Aug. 6, from 7:00 a.m. - 10:30 p.m. The Director of the trials is Charles McCoffree Jr., coach at Michigan State University.

The time and schedule for the trials is as follows: (Wednesday - August 2, 1972) 1. 100 Meter BK. M, 2. 100 Meter FR. W, 3. 200 Meter Fly M, 4. 200 Meter Ind. Med. W, and 5. 100 Meter BR., M.

(Thursday-August 3, 1972) 6. 400 Meter FR. W, 7. 400 Meter Ind. Med. M, 8. 200 Meter BR. W, 9. 200 Meter FR. M, and 10. 100 Meter BK. W.

(Friday-August 4, 1972) 11. 400 Ind. Med. W, 12. 400 FR. M, 13. 100 Meter Fly W, 14. 100 Meter Fly M and 15. 200 Meter FR. W.

(Saturday-August 5, 1972) 16. 200 Meter BK. M. 17. 100 Meter BR. W, 18. 200 Meter BR. M, 19. 100 Meter FR. M and 20. 200 Meter BK. W.

(Prels. 800-1500—3:00 p.m.) 23. 800 Meter FR-W and 24. 1500 Meter FR-M.

(Finals—7:00 p.m.) 16. 200 Meter BK. M, 17. 100 Meter BR. W, 18. 200 Meter BR. M, 19. 100 Meter FR. M and 20. 200 Meter BK. W.

(Sunday-August 6, 1972 11:00 a.m.) 21. 200 Meter Fly W and 22. 200 Meter Ind. Med. M.

(Finals–5:00 p.m.) 21. 200 Meter Fly W, 22. 200 Meter Ind. Med. M, 23. 800 Meter FR. W and 24. 1500 Meter FR. M.

(KEY) BK. Backstroke; FR. Freestyle; Fly, Butterfly; BR., Breaststroke; M., Men; W. Women; Ind. Med., Individual Medley.

(Editors note: Article was written by Jim Kijewski, swim coach at TFS)

This young lady is poised for the start of the 220 yard relay, one of the many events held last week at the SUN-JOURNAL Olympics which were won by Calumet City.

SUN SPORTS

'Champs' Close Summer Session

The "Future Champion Club" closed out its season last Wednesday night by holding an All-Star game between the top 16 boys in the camp.

These 16 boys were picked by the members of the clinic and the coaches. (There were 50 boys in the camp).

The teams were designated purple and white, and the purple romped to victory 55-36. They were led by Gene Semmelhack with 17 points, Ken Stort 16, and James Mayday 10 points. The Whites were paced by Stan Rickey and Dale Lanbert who each had 9 markers.

The other members of the camp all played in a preliminary game, because most of the other boys who were chosen as All-Stars were older, and had a great deal more experience in matters of basketball.

The free throw champion of the camp was Nick Sopcial, and all the boys received a certificate for their participation in the sessions.

The camp, which ran seven weeks altogether, was under the direction of Mike McCreight and Bob Frankowich.

Bears Scalp Redmen 13-1

West Intermediate

Bears 13 - Redskins 1

The Bears rapped out 12 hits as they turned back the Redskins 13 to 1.

Leading the attack were Brian Reed with 3 for 3, and Wagner and Hatke with two hits each, and Jimmy Rowley. Jim Romanovich turned in an outstanding pitching performance yielding only a last inning single to Reid. He showed good control once again, walking two while fanning 11.

Defensively for the Bears, Sroczynski, Romanovich, and Orsag turned in some good plays. The Redskins' Reid, Seymour and Stanich also played fine defense. Adam Lazich in his first start for the Bears belted out a hit and drove in two runs.

Bears 7 - Bengals 5

Leading the attack for the Bears in a 7-5 win were Pete Marx with a home run, Mike Henderson and Ty Hatke with two hits apiece. Also getting hits were Kosiara, Lannan, Zukley, and Sroczynski.

Hatke's steal of home on a passed ball turned out to be the winning run. Pitching chores were handled by Wagner and Romanovich, with the latter getting the victory, his fourth against one loss. For the Bears Adam Lazich showed good defensive plays in the field. The Bengals key hit was Gerken's bases loaded triple.

Legion 23 - Walkers 3

Jeff Fata and Tim Lagastee led the Legion team batters with 4 hits apiece in a powerful attack. Dick DeYoung was the winning pitcher. Dan Richardson had 3 hits for Walker Boosters.

Legion 4 - VFW 1

Dave Leibengood pitched an excellent game striking out the first nine batters he faced. Matt Varner pitched fine ball for VFW after relieving his teammate in the second inning with the bases loaded. He gave up only 3 hits. Tyler Boender got 2 of the 3 VFW hits. Tim Lagastee continued his heavy hitting getting 3 hits and now has 7 hits in his last 8 times at bat.

Legion 8 - Kiwanis 4

Legion won their last game of the season with their 14th win in a row. Although outhit 7 hits to 4 they took advantage of walks and played alert in the field to win. Tony Klawitter had Legion's best hit, a double against the fence. Jeff Colvin had a long home run. He and Tim McKernin each had 2 hits for Kiwanis.

Legion 9 - 1st National 6

In one of the most exciting games of the season, the American Legion team of the west division won its 16th game against one loss, against the tough stubborn First National Bank by a 9-6 score in eight innings. Trailing most of the way, Legion finally tied the score 5-5, on a long sacrifice fly by Jeff Fata to score Tim Lauerman from third. After a scoreless seventh, Tony "Killer" Klawitter, opened the eighth inning with a homer to right field. The Legion then scored three more times to put the game away. Besides "Killer's" homer, Jeff Fata had three hits, followed by "All-Star" picks Tim Lauerman, Dave Liebengood, and Dirk DeYoung with two apiece. Dirk DeYoung started for Legion leaving with a 4-3 lead, followed by Dave Liebengood for the last five, who recorded ten strike-outs in the last five frames. Starting pitcher for First National was Rick Tiltges, relieved after six innings by Scott Neilson and between them they had ten strike-outs. Besides pitching good ball, Tiltges chipped in with two hits, as did his catcher, Tim Hardy. Both teams showed they can play good "pressure" ball and records and standings seem to mean nothing when they meet head-on.

LANSING LITTLE LEAGUE

Bears 14 - Raiders 13

Losing 13 to 6, the Bears rallied for 7 runs in the last two innings to defeat the Raiders 14 to 13.

The winning pitcher was Ty Hatke who pitched the last four innings yielding only two runs and one hit while striking out five. Hatke also led the hitting attack with three for four, while Henderson, Sroczynski and Orsag had two apiece. Key hits came in the last inning, one a two run single by Sroczynski, (the tying runs), and Henderson's single, (the winning runs). For the Raiders, Lyzenga homered, and Oster made some good catches in center
